MOBILE COUNTY COMMISSION

The Mobile County Commission met in regular session in the Government Plaza Auditorium, in the City of Mobile, Alabama, on Monday, October 24, 2016, at 10:00 A. M. The following members of the Commission were present: Jerry L. Carl, President, and Merceria Ludgood, Member. Connie Hudson was absent. Also present were John F. Pafenbach, County Administrator/Clerk of the Commission, Jay Ross, County Attorney, and W. Bryan Kegley II, Assistant County Engineer. President Carl chaired the meeting.

INVOCATION

The invocation was given by Dr. Ledell Cleveland, Jr., Pastor of New Bayside Baptist Church, 950 Weinacker Avenue, Mobile, Alabama 36605.

Jean Downing, Drug Education Council, Inc.: The most favorite part of my work is working with the Mobile City-County Youth Council high school students. The Mobile City-County Youth Council is a wonderful group of students with representation from Theodore High School in the south part of Mobile County, and as far north as Citronelle High School in the northern part. The members are in public, private and parochial schools. Forty-five percent (45%) of the members are Caucasian, forty-five percent (45%) African American, and ten percent (10%) other. Sixty percent (60%) of the members are girls, and the remaining forty percent (40%) are young men. The students are amazing. They are involved in the community, extracurricular activities, as well as, taking challenging academic courses. I am joined today by two (2) amazing students: Hailen Singleton, a senior at Baker High School and Lyndsey Tarver, a senior at Saraland High School. They will share some information about the Teen Alcohol & Drug Abuse Awareness (TADAA) Workshop. It was a one day workshop offered to high school students in our community.

Hailen Singleton, a senior at Baker High School, Mobile, Alabama: I was appointed to the Mobile City-County Youth Council by Mayor William "Sandy" Stimpson in the year 2015. Thank you for allowing me the opportunity to speak with you today. Teen Alcohol & Drug Abuse Awareness (TADAA) is a one day workshop designed to empower high school students to take an active role in keeping their school campus and community alcohol and drug abuse free. The 5th Annual Teen Alcohol & Drug Abuse Awareness (TADAA) Workshop was at the Bishop State Community College

October 24, 2016

Baker-Gaines Central Campus on Thursday, September 15, 2016, at 9:00 A. M. to 2:00 P. M. Twenty-one (21) students and organizations participated bringing nearly two hundred (200) in attendance. Each high school in our area was invited to select two (2) seniors, two (2) juniors, two (2) sophomores and two (2) freshmen, along with the school counselor, teacher, and administrator. The day was filled with lots of good information to take back to our school and share with our peers. Dr. John Shelley-Tremblay, University of South Alabama, explained the far-reaching consequences of abusing alcohol and other drugs, he showed us an actual human brain and the parts of the brain affected by substance abuse. Mr. Leavie King, Prolific Presentations, Inc., reminded us that as students, one of our important roles is to be a leader among our peers, he was a real inspiration. Mr. Andrew Jackson, Busy Path, shared the series of Life-Changing Consequences Associated with Substance Abuse including how decisions can affect our records permanently.

Lindsey Tarver, a senior at Saraland High School, Saraland, Alabama: I serve as a Mobile Ambassador as a representative of my peers at Saraland High School. During the final session of the Teen Alcohol & Drug Abuse Awareness (TADAA) Workshop, students and their counselors paired into teams to design a unique plan to make alcohol and drugs disappear. Their plans were unique because they addressed the problems at their school. I am excited to report some of the efforts that have come from the Teen Alcohol & Drug Abuse Awareness (TADAA) Workshop: McGill Toolen Catholic High School, Mobile, Alabama, started a Community of Concerned students group. The students plan to present information to ninth-grade students on the dangerous consequences of substance abuse; then they will give them real and challenging situations to help improve their refusal skills. St. Luke's Episcopal School, Mobile, Alabama, students plan to conduct a similar activity with their sixth grade and seventh grade students; they plan to anonymously report students who have substances on campus to their principal and resource officer. Chickasaw High School, Chickasaw, Alabama, students plan to take a month distributing information about the dangerous consequences of experimenting with a particular substance. The Teen Alcohol & Drug Abuse Awareness (TADAA) Workshop is considered by many to be an excellent prevention effort with about one hundred fifty (150) students distributing information on their campuses. Thank you for the continued support you give us, and we look forward to the rest of our activities throughout the coming year.

Danny Corte, Executive Director, Mobile Sports

Authority: Good morning, Commissioners. Thanks for allowing me to come before you today. As a sports tourism arm for Mobile County and the City of Mobile, we are proud to represent you, as we attract and have attracted many visiting sporting events to the Mobile area. With your blessing and your investment, we have worked hard to become our community's clearinghouse and the main point of contact for sports and sports-related events. We are committed to developing a Mobile area sports product. The 5th Quarter Classic Football Game between Florida A&M and Tuskegee University took place last month and it was a huge success, especially for a first year event. We had over nineteen thousand (19,000) people in attendance at the game, and about twelve thousand (12,000) of them were visitors. We did not expect those kind of numbers and we are happy with it. This event generated an estimated \$6.5 million economic impact to our area, and because of this game, \$2 million of college scholarships were awarded in our area to our students to attend various colleges. We are already working on next year's game, and we are hoping to make this game an annual event. The 5th Quarter Classic Football Game was the cap of our fiscal year which ended September 30, 2016. I am pleased to report with your investment that the Mobile Sports Authority (MSA) attracted, hosted, managed and supported a record number of thirty-five (35) sporting events which produced an estimated record of \$25.5 million economic impact to the Mobile area. This is a record for the second year in a row. Those thirty-five (35) sporting events involved twenty-four (24) different sports: basketball, volleyball, international obstacle course racing and football. During the last five (5) years, the Mobile Sports Authority (MSA) has attracted, hosted and managed one hundred thirty (130) sporting events which generated an estimated \$91 million to the Mobile area economy, and as of today the Mobile Sports Authority (MSA) has confirmed at least twenty (20) future sporting events which we estimate will bring about a \$25 million to \$30 million economic impact. We are talking big business with sports tourism in the Mobile area. As one of our main objectives, we have been working hard to create an annuity of sporting events on an annual basis for Mobile. So many of our future events are repeated events, and that is what we want to happen. The Mobile Sports Authority (MSA) tagline is "Go All Out, We Do." It is not just a tagline, but an attitude we try to work with daily. The goal of our very engaged Board and our three (3) staff members is to outwork our competition by paying attention to the details as we market our unique area to visiting national event owners. Thank you very much for all of your support and please feel free to contact us if you have any questions or suggestions on anything we do. Thank you very much and have a great day.

October 24, 2016

AGENDA #10

ADOPT RESOLUTION SUPPORTING PROPOSED
CONSTITUTIONAL AMENDMENT 3 CHANGING PROCEDURE
FOR DETERMINING LOCAL CONSTITUTIONAL AMENDMENTS
TO PREVENT STATEWIDE VOTERS FROM OVERRULING LOCAL
CITIZENS ON LOCAL LAWS AND AMENDMENT 4 GRANTING
MORE AUTHORITY TO COMMISSIONS TO CARRY OUT
ADMINISTRATIVE DUTIES, SUCH AS COMMUNITY,
TRANSPORTATION, AND EMERGENCY ASSISTANCE PROGRAMS

Commissioner Ludgood moved, seconded by President Carl, that the Board adopt the following resolution:

WHEREAS, under current law, proposed amendments to the Alabama Constitution of 1901, which are applicable to a single county but receive a single dissenting vote in the Alabama Legislature, may only be approved by statewide vote, enabling voters in unaffected counties to undermine the voices of citizens within the affected county, and adding significant costs; and

WHEREAS, proposed constitutional Amendment 3, which will be voted on statewide on the 8th of November, 2016, would create a two-step process making it less likely for local constitutional amendments affecting only a single county or city to be subject to a statewide vote, and would put the question of passing local constitutional amendments in the hands of local voters; and

WHEREAS, proposed constitutional Amendment 4, also to be voted on statewide on the 8th day of November, 2016, is part of the reform efforts of the Alabama Constitutional Revision Commission and, if approved, would allow county governments to established limited programs related to the management and administration of certain county activities including county personnel programs, policies and procedures; community programs for litter-free roadways, public facilities, and public property; public transportation and the promotion of safety on public roads and rights-of-way; operation of county offices; and emergency assistance powers; and

WHEREAS, the Mobile County Commission finds that voting YES on Amendment 3 will insure that Mobile County citizens have the final say on those constitutional issues affecting only our county; and further finds that voting YES on Amendment 4 will allows county governments to make routine administrative decisions without approval of the state Legislature, thereby benefiting the citizens of Mobile County;

October 24, 2016

NOW THEREFORE, the premises considered, the Mobile County Commission adopts this resolution to show its support of Amendments 3 and 4, and does hereby encourage all citizens to vote in favor thereof.

Motion carried unanimously.

AGENDA #11

ADOPT RESOLUTION SUPPORTING PROPOSED
CONSTITUTIONAL AMENDMENT 14 TO GUARANTEE
APPLICATION OF BUDGET ISOLATION RESOLUTION
TO LOCAL LAWS THAT WERE PASSED USING
THIS PROCEDURE WOULD BE PROTECTED

Commissioner Ludgood moved, seconded by President Carl, that the Board adopt the following resolution:

WHEREAS, the Mobile County Commission is informed that a technical issue relating to the handling of routine, procedural votes by the Alabama House of Representatives poses a threat to hundreds of local laws that Alabamians rely on to support vital public institutions such as school systems, volunteer firefighters, and community hospitals; and

WHEREAS, proposed constitutional amendment 14, which will be voted on statewide on the 8th of November, 2016, would correct this technical issue and ratify, approve, validate, and confirm all local laws passed by the Alabama Legislature since 1984; and

WHEREAS, the Mobile County Commission finds that voting YES on Amendment 14 simply affirms the local laws passed by the Legislature, and will not create new fees, taxes, or regulations, and, further, that it is in the best interests of Mobile County citizens and all citizens of the State of Alabama that it be approved;

NOW THEREFORE, the premises considered, the Mobile County Commission adopts this resolution to show its support for Amendment 14, and does hereby encourage all citizens to vote in favor thereof.

Motion carried unanimously.

Commissioner Ludgood moved, seconded by President Carl, that the Board adopt the following resolution:

WHEREAS, the Mobile County Commission (“County”) maintains the public roadways identified as Swedetown Road and Apache Run that are located within Mobile County, Alabama; and,

WHEREAS, the County maintains the 20’ drainage and utility easement located between Swedetown Road and Apache Run as shown on the recorded plat of Arrowhead Village Second Unit (Revised, MB 22, Page 92) and further identified as the 20’ drainage and utility easement along Lot 12 and Lot 13, and as shown on the recorded plat of Arrowhead Village First Unit (MB 21, Page 86) and further identified as the 20’ drainage and utility easement along Lot 8 and Lot 9 (cumulatively the “Noted Easements”); and,

WHEREAS, corrugated metal pipe which is used for storm drainage is located within the right-of-way of Apache Run and the Noted Easements; and,

WHEREAS, the corrugated metal piping has experienced infiltration of water and sediment into many of the joints and necessitates repair work; and,

WHEREAS, the County desires to seal the pipe joints thereby alleviating the infiltration problem by injecting expanding structural polymer around the joints of the piping; and,

WHEREAS, Ground Works Solutions, Inc. (“Ground Works”), offers as a service the URETEK Method Deep Injection process which uses expanding polyurethane materials to stabilize and increase the bearing capacity of soils; and,

WHEREAS, the URETEK injection process and product is unique in its ability to seal pipe joints and is substantially related to the intended purpose, use, and performance of the service sought; and,

WHEREAS, URETEK USA, Inc., is the sole licensee for the URETEK Deep-Injection process in the United States; and,

WHEREAS, the URETEK process and product is supplied in the State of Alabama only through Ground Works, and,

WHEREAS, Ground Works has supplied the County with correspondence providing that other similar services or products cannot perform the objectives of the County; and,

NOW, THEREFORE, BE IT RESOLVED BY THE MOBILE COUNTY COMMISSION AS FOLLOWS:

October 24, 2016

The Mobile County Commission herein authorizes the President of the Mobile County Commission to enter into contract with Ground Works Solutions, Inc., as a sole source for the URETEK Deep-Injection process to be utilized for injecting expanding structural polymer directly behind the pipe located within the Apache Run right-of-way and the drainage and utility easements noted above.
