21-30	920	36.08	3.01
31+	1280	36.06	3

All grant awards listed above require an average of 3-4 hours per team member per month. These averages are meant to keep teams regularly engaged in the program, yet do not require

an excessive time commitment. The grant awards are also divided out to be easily obtainable within 4, 8 or 12-month time periods, but can be accomplished in less time.
