Alabama. You've paved the way for me to be who I am. I don't mind telling people I am from Orange Grove projects, where I was bred and born at. I had a good grandmother in my life that told me respect, dignity, and character goes a long way in life. Yes, ma'am; no, ma'am; yes, sir; no, sir; among other things that was instilled in me as a kid. I did that from 1989 to now in 2022. I love my city of Mobile, Alabama. I love this nation. I love this country. I have served it honorably for thirty-three (33) years. To say thank me? No, I thank you for allowing me the opportunity. I thank you for being the good people of Mobile, Alabama. I thank you for continuing to get into the community and making it happen. Our youth need to know they are the leaders of this future. We got to put the right things in front of them for them to succeed. That is what I have been doing for my thirty-three (33) years in the Navy. I have been instilling goals inside of young minds that need to know they can win. One day, they will be legendary, so make it epic today. I say thank you, Mobile, Alabama, for allowing me to be home.

PRESENTATIONS/
RETIREES

President Merceria Ludgood: We have five (5) honorees during this time period, but we have two (2) with us today. We'd like to ask Carol Bunton and Jackie Peden to please join us here. You know, people have been getting ideas since we started doing this. I won't call any names. We have a resolution, and I'll read it.

Upon your retirement, the Mobile County Commission presents this certificate, and we wish to express its sincere thanks and gratitude for your years of dedicated service. Your wisdom and commitment to excellence have long inspired all of us and will be remembered for many years to come. We wish you good health, happiness, and continued success in your retirement.

PRESENTATION/DAUPHIN ISLAND SEA
LAB/AMERICORPS NATIONAL CIVILIAN
COMMUNITY CORPS (NCCC) TEAM

President Merceria Ludgood: Now, we will have a presentation from the Dauphin Island Sea Lab AmeriCorps National Civilian Community Corps (NCCC) Team. Our presenter is Jarret Reade, Bayou 2 Community Relations Representative - AmeriCorps NCCC Southern Region.

Jarret Reade, Bayou 2 Community Relations Representative - AmeriCorps NCCC Southern Region: Hello everyone.

President Ludgood: Welcome.

Jarret Reade: Thank you for having me. I suppose since I am speaking on behalf of AmeriCorps, I get to thank on behalf of AmeriCorps. I'd like to thank Michelle Stevens for being an incredibly gracious host for our team. We're helping them with the Dauphin Island Sea Lab. We are painting, renovating, building, getting new areas ready, and fixing old areas. I'd like to thank the City of Mobile. I'd like to thank the Town of Dauphin Island. You have all been incredibly gracious and welcoming. As I have come through the South, and especially as I find myself in Mobile, Alabama, I found the people of the South to be incredibly kind, welcoming, and hardworking. It's been a real honor to get to meet all of you people.

February 24, 2022

With that out of the way, I'd like to talk about AmeriCorps a little bit. AmeriCorps, for those that don't know, is a ten (10) to twelve (12) month service program for youth ages eighteen (18) to twenty-four (24). What happens is you sign on, and you get brought to a campus somewhere in the country. In our case, it was Vicksburg, Mississippi. You train as a team, get put on a team together, and you spend ten (10) to twelve (12) months touring around your region doing community service work. This could be anything from disaster relief to trail building to, in our case, just helping a local organization get their feet on. We are really glad to be doing what we're doing for them. Every day we can see the organization progress more. We can see it come together. There are a lot of guests that are already noticing these changes we made; all of the painting and all of the renovations we did.

I have never done this before, and it feels like reverse stand-up, where I got the crowd over here, and you're over there.

President Ludgood: You're among friends.

Jarret Reade: I appreciate that. I'm from Boise, Idaho. There is not much known about the South in Idaho. When I came down here, I was worried it was going to be a very different place than it is. I got here, and I felt very welcomed. I really like the South a lot.

Our purpose and official tagline of AmeriCorps is to strengthen communities and develop leaders. I think that's a little bit buzzworthy. What it does is provides a lot of experience to people. I came here having only worked in kitchens, being a line-cook. I have gotten to hop on roofs and help people repair their shingling after hurricanes. I have gotten to help build low-income housing in the lower ninth ward in New Orleans, Louisiana. Now I am here in Dauphin Island, Alabama, and I get to improve a local aquarium and science lab. That is something I am incredibly grateful for. Through this, AmeriCorps simulates the economy in a number of ways. You're putting these undergraduates and these graduates in situations they have never been exposed to before. It's a high exposure to a lot of different technical skills and a lot of different

February 24, 2022

career paths. Through AmeriCorps, a lot of people find their calling.

We're serving with the traditional Corps. AmeriCorps is set up similar to the military. There's separate branches in the work you're doing. We belong to National Civilian Community Corps (NCCC). That is split into traditional and Federal Emergency Management Agency (FEMA). We serve as traditional. It's a lot more of boots on the ground. We go in, and we do all of the work that organizations need help with. In terms of why we serve for AmeriCorps, it's rather difficult. You get put on a team with ten (10) people you don't know. You're kept together for twelve (12) months serving in a variety of conditions that aren't always comfortable. I have slept in a room with ten (10) other people, just one big room.

It's not an easy thing, but there's a number of reasons why we serve. First and most common is an education award. We see a lot of undergraduates and graduates enter AmeriCorps because there's an education award. We can put it towards student loans, student debt, continuing education, and trade schools. There's experience. It's free travel and free housing. Where I come from, I would have never gone to see the place I have been had I not joined this program. I am incredibly grateful that I have. I know I keep gushing over this, but I really have been incredibly amazed by the South, the people in it, and all of the history behind it.

I represent Bayou 2 Community. There are a few members over here. We have been to New Orleans, Louisiana, New York state, a number of rural communities in Mississippi, and now Alabama. We got the word we will be heading to South Carolina to do forest work. We're very excited about that. I want to wrap up by thanking you all, thanking the Dauphin Island Sea Lab, and thanking the City of Mobile. It's really been an incredible experience being down here. I think where I'm from, there are a lot of misconceptions about the South. Now that I am here, I see they are incredibly unfair and are grossly untrue. I think this is one of the best places on earth. I really love the culture, the people here, and all it represents. I love that I can walk into any barbecue restaurant, and the person running it will treat me like a cousin or a son. I

say yes, sir, and yes, ma'am now, which is going to be kind of weird when I get back to town. No one does that there. I'm really happy to be a part of it. I think it's been a really wonderful experience getting to get ingrained in it. Thank you.

President Ludgood: Thank you.

Commissioner Randall Dueitt: Thank you. Thank you to all of you guys.

President Ludgood: Thank you for sharing that experience. I happen to believe that all of us should develop that side of us that wants to give back. It sounds like y'all are really doing that at a real high level. We appreciate your time in our community and wish you the best of luck as you finish your tour of the South. Thank you.

Commissioner Dueitt: To add to the complication and the difficulty, I know it could not have been easy working for Michelle Stevens. I know that had to be tough.

President Merceria Ludgood: I'd like to announce after the Commission Meeting, there will be a flag ceremony at 11:00 A.M. in the Government Plaza courtyard in honor of Navy Week. Please join us.

President Merceria Ludgood: Do we have any speakers?

Dena Pollard, Public Affairs Manager: Good morning, Commissioners. No, we have no speakers this morning.

February 24, 2022

Commissioner Dueitt moved, seconded by President Ludgood, that the Board approve minutes of the regular meeting of February 10, 2022.

Motion carried unanimously.

AGENDA #60

ADOPT RESOLUTION/STATING MOBILE COUNTY
COMMISSION STANDS IN OPPOSITION/SB157/HB368

Commissioner Dueitt moved, seconded by President Ludgood, that the Board adopt the following resolution:

WHEREAS, the Mobile County Commission stands in opposition to any statewide policies or procedures that upon implementation will detrimentally impact the integrity and lifespan of the county road and bridge system; and

WHEREAS, it is a well-known fact that any detriment to the county road and bridge system not only increases the financial burden on the local taxpayers who fund the system but also endangers the safety of the citizens who daily depend on the system; and

WHEREAS, the provisions of Senate Bill 157 and House Bill 368, proposed for consideration before the Alabama Legislature during the 2022 Regular Session, will undoubtedly cause significant damage to county roads and bridges by removing the existing weight restrictions recommended by engineering professionals nationwide to allow for logging trucks to transport the increased weight of almost 100,000 pounds per trip on public roads and bridges; and

WHEREAS, Senate Bill 157 and House Bill 368 specifically proposes to increase the allowable gross weight and axle weight for certain five-axle and six-axle logging trucks by 10 percent, an increase that is seemingly modest at face value but that, in the reality of physics, is much

February 24, 2022

more significant and ultimately doubles the impact to the transportation infrastructure; and

WHEREAS, the county road and bridge system was largely underfunded and subsequently undermaintained for nearly 30 years and is now undergoing significant repair thanks to the Alabama Legislature's recognition in 2019 of the dire state of county roads and bridges; and

WHEREAS, the impacts of Senate Bill 157 and House Bill 368 will not only negate the strides made by the Alabama Legislature in 2019 to stabilize long-awaited funding for county roads and bridges but also jeopardize tens of millions of dollars in federal funding provided to the State of Alabama each year for the statewide adherence to federal weight restrict guidelines; and

WHEREAS, the proposals under Senate Bill 157 and House Bill 368 are clearly harmful to our county road and bridge system, dangerous and costly to our citizens, and contrary to sound public policy.

NOW, THEREFORE, BE IT RESOLVED by the Mobile County Commission that it expresses its staunch opposition to the provisions and intent of Senate Bill 157 and House Bill 368 and any other legislation or policy modeled similarly.

Motion carried unanimously.
