PRESENT RESOLUTION/MOBILE COUNTY

ACT (ADA)/32<sup>nd</sup> ANNIVERSARY

**WHEREAS**, the Americans with Disabilities Act (ADA) was passed on July 26, 1990, to ensure the civil rights of citizens with disabilities and establish a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities; and

**WHEREAS**, Mobile County, Alabama, affirms the principles of equality and inclusion for persons with disabilities as set forth by the State of Alabama, and as embodied in the Americans with Disabilities Act (ADA); and

**WHEREAS**, the Americans with Disabilities Act (ADA) has expanded opportunities for Americans with disabilities by reducing barriers and changing perceptions, and increasing full participation in community life; however, the full promise of the Americans with Disabilities Act (ADA) will only be reached if we remain committed to continuing our efforts to fully implement the Americans with Disabilities Act (ADA); and

**WHEREAS**, numerous organizations in Mobile County work with constituents and communities to bring forth the promise of hope and freedom that is envisioned by the passage of the Americans with Disabilities Act (ADA);

July 25, 2022

**NOW, THEREFORE, LET IT BE RESOLVED,** that the Mobile County Commission hereby recognizes July 26, 2022, as the 32<sup>nd</sup> Anniversary of the Americans with Disability Act (ADA); furthermore, we acknowledge the progress made by reaffirming the principles of equality and inclusion and recommitting our efforts to reach full Americans with Disabilities Act (ADA) compliance.

**Jim Flora, Specialist, Independent Living Center of Mobile.** Good morning. We are pleased to have Mr. Turk Schlesinger, Chief Executive Officer, AltaPointe Health Systems, and Teresa Bettis, Executive Director, Fair Housing, Inc. I want to thank the agencies who brought in brochures and souvenirs on the table outside; please take one. I want to thank United Cerebral Palsy of Mobile Inc., AltaPointe Health Systems, Fair Housing, Inc., and Independent Living Center of Mobile. The Independent Living Center of Mobile is involved with the Mobile Advisory Commission for the Disabled, which was organized by the City of Mobile, but we have a lot of people from Mobile County who participate as well. We are so happy to have the support of Mobile County and the City of Mobile, helping people with disabilities in their efforts to include everyone. I want to introduce some folks from the Independent Living Center of Mobile: Ms. Addie Ray, a participant in the Independent Living Center of Mobile who has her own business, "Access for All," where she does surveys, and Mr. Brian Johnson, Chair, People4People, an advocacy group of Independent Living Center of Mobile.

**Addie Ray, Independent Living Center of Mobile.** Thank you, Mr. Flora, and for everyone who has allowed me a few moments. I am a lifelong resident of Mobile, Alabama, and I currently live in the house where I grew up. I gear my own business toward the Americans with Disabilities Act (ADA) as a compliance consultant. I speak as a professional, a citizen, and a person with Cerebral Palsy. I have spent my entire life as an advocate for people with disabilities. Mr. Flora and Mobile County Commission has reiterated that the Americans with Disabilities Act (ADA) is a permanent federal law affecting the entire United States. The thirty-second (32<sup>nd</sup>) year anniversary is tomorrow, and many advancements have been made in the last thirty-two (32) years regarding curb ramps, sidewalks, and businesses. I feel compelled to mention that every city has something they are supposed to review on an annual basis, and it is called the Americans with Disabilities Act (ADA) Transition Plan. The last active status of the Americans with Disabilities Act (ADA) Transition Plan for Mobile County was in 2016. Unfortunately, to the best of my knowledge, it has not been reviewed since. The law dictates that it is supposed to be reviewed on an annual

July 25, 2022

basis. Everyone in this room has something they can do without changing their careers in order to see that the Americans with Disabilities Act (ADA) is fully and properly enforced. As both a professional and citizen, I highly encourage this to be done.

**Brian Johnson, Chair, People4People, Independent Living Center of Mobile.** Thank you, Mobile County Commission, and thank you to those who partner with people with disabilities on behalf of the Independent Living Center of Mobile and our director of People4People. I want to take this opportunity to thank you for your effort in making us, somebody. We are not part of the problem; we are part of the solution. I am really pleased to be a person with a disability because I see that we can achieve anything we set in our minds. We are joined together like a football team; we have different people working with us, coaching us along the way. We are aiming for the same goal, to be our very best. To people with disabilities, I would like to say that you are somebody; you are created in the image of God, so that makes you automatically somebody, and whatever you do, do your best. We have come a long way, and I want to thank each person who partners with the Independent Living Center of Mobile for making opportunities for citizens with disabilities to achieve their goals. There are sixty-two (62) million Americans who suffer from some form of disability, but together we stand, and divided, we fall. Thank you for a job well done.

- Tex L. O'Bryant, Equipment Operator I, Public Works and Engineering Department, 35 years and 7 months.
- David M. Johnson, Records Specialist, Sheriff's Office, 20 years and 7 months.
- Michael Jones, Equipment Operator II, Public Works and Engineering Department, 24 years.

If you guys are here, we'd like you to join us.

**Vice President Dueitt:** Next is our retirees for August 2022. I don't believe any of them are with us, but they are:

- Yolanda Yates, Sergeant, 13<sup>th</sup> Judicial Court Police, 27 years and 9 months.

July 25, 2022

- Sharon Pilgrim, Court Reporter, James T. Strickland Youth Center, 35 years.

-----  
**Vice President Randall Dueitt:** Tex L. O'Bryant, thank you for your service not only to Public Works and Engineering but also to the citizens of Mobile County.

**Tex L. O'Bryant:** I have a question if you don't mind, or do I need to wait?

**Vice President Dueitt:** You can ask away, but we may not have an answer.

**Tex L. O'Bryant:** I was informed by the County Human Resources Department that because I retired on July 1, 2022, I am not entitled to the second part of the money for essential employees who worked during the COVID-19 pandemic. My question is, will those who retired in July 2022 be eligible for that money or not?

**Vice President Dueitt:** Like I said, it might be a question we can't answer, but I'll find out for you.

**Tex L. O'Bryant:** All right, thank you.

**Vice President Dueitt:** Thank you for your service.

-----  
**Vice President Randall Dueitt:** Has anyone signed up to speak?

**Sharee Broussard, Public Affairs Director:** Yes, sir, we have a couple of speakers. Our first is Teresa Bettis with the South Alabama Economic Roundtable, and her comments are related to the distribution of the American Rescue Plan Act funds.

**Vice President Dueitt:** Good morning. Can we get your name again and your address, please.

**Teresa Bettis, 602 Bel Air Boulevard, Mobile, Alabama 36606:** I come before this body representing the South Alabama Economic Roundtable. The South Alabama Economic Roundtable is a coalition of community leaders from businesses (for-profit and non-profit) and faith communities within Mobile County. On behalf of the South Alabama Economic Roundtable, I stand in opposition to the Mobile County Commission's proposed use of the eighty million dollars (\$80,000,000.00) allocation to Mobile County under the American Rescue Plan Act pursuant to the

July 25, 2022

United States President Joe Biden's Executive Order 13985. President Biden signed into law specific uses for the American Rescue Plan Act funds, specifically requiring advancing equity, especially for those who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality. In other words, the federal allocation should be used in Qualified Census Tracts.

It is a rescue plan, and President Biden explicitly signed into law that the funding was a mandate for equity. President Biden's Executive Order 13985 clearly defines equity as "the consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color ... persons otherwise adversely affected by persistent poverty or inequality."

Mobile County's proposed distribution of the American Rescue Plan Act funds is in absolute violation of the purpose of the Federal Government allocation. It rescues no one, and the proposed usage is not designed to benefit persons living in Qualified Census Tracts. Consequently, Mobile County Commission is in violation and, as a result, jeopardizes the financial standing of Mobile County. If found in violation by the Federal Government, either through a lawsuit or an Inspector General investigation, the American Rescue Plan Act funds would have to be reimbursed to the United States Department of the Treasury. In addition to pointing out the absolute violation of the proposed distribution, the South Alabama Economic Roundtable also points out the following:

1. The citizens of Mobile County have not been consulted, resulting in no input and especially no input from those for whom the federal allocation is to specifically benefit and rescue. We understand that a citizen survey was proffered through Mobile County's website that resulted in very few responses. As County Commissioners, you have not fulfilled your responsibility to consult with the constituents to whom you are elected to serve and to whom you are mandated by Executive Order 13985 to consult.

2. The proposed plan does not, upon review, go far enough in addressing citizens' needs. In fact, it does not even come close. One need only to look at the proposal to determine that the sum of 41 million dollars (\$41,000,000.00) proposed for county administration is improper, and the sum of 21 million dollars (\$21,000,000.00) proposed for other is improper. And why

July 25, 2022

are 18 million dollars (\$18,000,000.00) proposed to be held in abeyance?

3. The clandestine and collusive approach you have championed with outside consultants does not embrace fair play, diversity, equity, nor community togetherness.

The South Alabama Economic Roundtable respectfully requests that the Mobile County Commission delay voting on a final budget allocation of the American Rescue Plan Act funds. Delay of the vote will allow adequate time for the South Alabama Economic Roundtable and others within Mobile County to work with the Mobile County Commission to help identify and address community priorities and ensure that the funds are best distributed for the most "consistent and systematic" impact in the spirit of Executive Order 13985.

As the people's legislative body vested with the power to approve the final distribution of the Federal Government allocation, you are responsible for ensuring that the proposed expenditures, as mandated under President Biden's executive order, are legal. Currently, as it stands, it is not.

**Vice President Dueitt:** Thank you.

---

**Sharee Broussard, Public Affairs Director:** We have representatives from Volkert, Inc. signed up if they would like to speak next.

**Vice President Randall Dueitt:** Sure. State your names and addresses.

**Timothy Smith, Horne LLP, 28810 U.S. Highway 98, Suite B, Daphne, Alabama 36603.**

**Laura Russell, Volkert Inc., 11 North Water Street, Suite 18290, Mobile, Alabama.**

**Timothy Smith:** I'm a little bit at a loss. Is it the Commission's desire for us to address the concerns of this lady?

**Vice President Dueitt:** You guys have signed up to speak if you want to address her concerns, feel more than free to do so. I would appreciate it if you did.

**Timothy Smith:** Volkert Inc. and Horne LLP, as many may know, teamed up with Mobile County Commission almost a year ago to help do a few things. Those few things included a risk assessment of applicants and projects for federal compliance. Two hundred fourteen (214) projects

July 25, 2022

have been through our risk assessment, and over ninety percent (90%) were determined to be eligible. We have assigned them risk numbers because some are riskier than others. We looked at the type of project, whether the applicant previously handled federal funds, and things like that. Our job, really at the end of the day, is to look at federal rules and regulations and call balls and strikes; that's what we're attempting to do. We had a public outreach last fall where we provided a webinar which I believe is still online. We had a fantastic number of projects, a lot of good projects both in Qualified Census Tracts and outside of Qualified Census Tracts. The American Rescue Plan Act funds are designed not to work exclusively in Qualified Census Tracts. It is designed to be a benefit when eligible at the discretion of, in this case, the Mobile County Commission. As many of you know, the American Rescue Plan Act has many parts. The part that we, Volkert Inc. and Horne LLP, are helping with is the State and Local Fiscal Recovery Fund. It's a unique program; the United States Department of the Treasury administers the funds to counties, cities, and states at the state level. The state recovery funds receive direct allocations. The United States Department of the Treasury divides things into restricted and unrestricted categories. The restricted categories allow revenue loss funds more broadly than unrestricted categories. That has been our job, and we are close to funding a large number of projects that are both in Qualified Census Tracts and outside of Qualified Census Tracts that have been selected by the Commissioners.

**Vice President Dueitt:** Have you had an opportunity to look at our list of items we proposed for approval in the next couple of weeks?

**Timothy Smith:** Yes, sir.

**Vice President Dueitt:** In your opinion, are those items in compliance with federal regulations?

**Timothy Smith:** Yes.

**Vice President Dueitt:** Thank you.

**Commissioner Merceria Ludgood:** Do you think they achieved the goal of equity or got us toward the goal of equity?

**Timothy Smith:** Yes, ma'am, we do. We received a large number of applications from around Mobile County, many of which are from traditionally disadvantaged communities. As we sit here today, we're still working on trying to help several entities in those disadvantaged communities to make sure their projects can be funded and that they understand both the benefit and the detriment of

July 25, 2022

the federal strings attached to all of it. So, our job again is not to make selections of who gets the money but to inform the Mobile County Commission and County staff whether it is a permissible expenditure of the funds. So they don't get called back by the Federal Government, and if so, enlighten you guys to know the risk of your project. It may be risky, but it may be worth it, and if it's a riskier project, what that does for Laura Russell and me downstream is let us know that we need to help oversee those recipients awarded the funds, make sure they understand all the rules and regulations associated with compliance, so that's what we're here to do.

**Commissioner Ludgood:** When you evaluate the projects, do you pay attention to whether it's in Qualified Census Tracts or not, and who are the beneficiaries?

**Timothy Smith:** Absolutely.

**Commissioner Ludgood:** Do you believe that if we were challenged we will have honored the spirit and the letter of the law?

**Timothy Smith:** Yes, ma'am. One of the first things we did was create an overview map of Mobile County. The first order of business was to identify Qualified Census Tracts within Mobile, and then when we received our applications for funding, Laura Russell and her team literally have a map that you can see where every application emanates from and where it relates to relatively Qualified Census Tracts.

**Vice President Dueitt:** Thank you.

**Timothy Smith:** Thank you, guys. We appreciate you.

---

**Sharee Broussard, Public Affairs Director:** No one else has signed up to speak this morning, but a developer is here representing Agenda Item #34 should there be any questions.

**Vice President Randall Dueitt:** Thank you.
