MOBILE COUNTY COMMISSION

The Mobile County Commission met in regular session in the Government Plaza Auditorium, in the City of Mobile, Alabama on Monday, June 13, 2022, at 10:00 a.m. The following members of the Commission were present: Connie Hudson, President, Randall Dueitt and Merceria Ludgood, Members. Also present were Glenn L. Hodge, County Administrator/Clerk of the Commission, Jay Ross, County Attorney, and W. Bryan Kegley II, County Engineer. President Hudson chaired the meeting.

President Connie Hudson: Good morning, everyone. The regular meeting of the Mobile County Commission is now called to order. If you would, please stand for the invocation. At the conclusion of the invocation, if you will, please remain standing for a moment of silent prayer to acknowledge former County Commissioner from District 2, James Mason, Jr., in his passing last week. His celebration of life was held on Friday, June 10, 2022. I would ask that you keep his family and friends in your prayers. We will have a moment of silent prayer, and then we'll commence with the Pledge of Allegiance to the Flag.

INVOCATION

The invocation was given by Reverend Eric Zubler, Priest Associate, Christ Church Cathedral, 115 South Conception Street, Mobile, Alabama 36602.

PRESENTATION/ART CONTEST
WINNERS FOR EARTH DAY

President Connie Hudson: This morning, we have a couple of special presentations. We will begin with a group of young people representing three (3) divisions: elementary school, middle school, and high school. They participated in an art contest. This is the first time the County has sponsored an art contest for Earth Day. The theme of the contest was "We should invest in our planet because..." We had a good response in terms of artwork and participation. We are very excited to welcome the young people here today for first, second, and third place winners in our elementary school and middle school division and first and second place winners in our high school division. We have a lot of parents here today. We all know that without the encouragement of parents in these

June 13, 2022

endeavors, these things don't happen. Great job, parents. I know you're very proud. Thank you for being here today as well.

I am going to call out the names of the students, and I ask you to come and join us here in the front. I have certificates for each of one of you.

Elementary School

- 1. Marie Colleli, Age: 9, 3rd grade, Eichold Mertz Magnet School
- 2. Bella Sky Sage, Age: 11, 5th grade, E.R. Dickson Elementary School
- 3. Kori Bell Penn, Age: 8, 2nd grade, Old Shell Road Elementary School

Middle School

- 1. Isreal Fox, Age: 13, 8th grade, Causey Middle School
- 2. Ava Millwood, Age: 11, 6th grade, Phillips Preparatory School
- 3. Diana Dinh, Age: 14, 8th grade, Clark-Shaw Magnet School

High School

- 1. Aiden Morris, Age: 14, 9th grade, Barton Academy
- 2. Landon Seibert, Age: 17, 12th grade, Saraland High School

President Hudson: It's a good-looking group here. They win prizes too. It's a gift card.

If the name Kori Bell Penn sounds a little bit familiar, her father is one of the Mobile City Council members, District 1 Councilmember Cory Penn. Bella, we are very proud of you. We encourage you to keep up the great work. This is Marie. You keep up the good work too.

This is the first year we have done this, and the participation was so good. We are so pleased with the outcome of it. I can see this being an annual thing.

Is Diana Dinh not here today? We'll make sure she gets her certificate and gift card.

June 13, 2022

Commissioner Randall Dueitt: I can take it on her behalf.

President Connie Hudson: I think it's to Foosackly's. Keep up the good work, Ava. We are proud of you. Isreal Fox is not here, so we'll make sure we get this to him. We'll let you deliver that.

Landon is Danielle Wilkie's Secretary II son. Good job, Danielle. We're proud of you. I had a chance to meet Aiden. He came by the office one day, and we had a real nice conversation. He told me about his interest in art. This is not his first contest win. He has had a number of other wins. We encourage you to keep up the good work.

PRESENTATION/LIGHTNING POINT RESTORATION
PROJECT/THE NATURE CONSERVANCY IN ALABAMA

President Connie Hudson: I think we can take a seat for this next one. We have Mary Kate Brown, Coastal Projects Manager. The Nature Conservancy. She has a presentation to make and also a brief video.

Judy Haner, Marine and Freshwater Programs Director, The Nature Conservancy: We want to show a brief video and present an award to the County Commission. The Nature Conservancy was privileged to do this project, but we could not have done it without our partners. That started back in 2017 and 2018 with the County Commission dedicating funds to the Coastal Impact Assistance Program to help purchase down in this area. We just wanted to go out of our way and recognize the great partnership with the Mobile County Commission now and in the future. For that, and with that, Mary Kate Brown has an award. We had an extra one made up for the Mobile County Commission so that you could be a part of the team.

President Hudson: Thank you very much, Judy and Mary Kate. It's tremendous and amazing the amount of work that has gone on at Lightning Point. When you go out there and see just the beauty of it, you will truly understand how much work and effort has gone into making it. It's a natural and beautiful environment for people to enjoy. I have been there, and you have done a wonderful job. We are so pleased and happy. Thank you to The Nature Conservancy for all the work you do at Lightning Point and everywhere throughout Mobile County. You're great. We appreciate you.

June 13, 2022

President Connie Hudson: I guess at this point, we will move on to the speakers.

Sharee Broussard, Public Affairs Director: Yes, ma'am. We have several speakers this morning. We have two (2) more thank you, and then we have three (3) people who signed up to speak on Agenda Item #57 and Item #58.

Cindy Knowlton, Alabama Cooperative Extension: Good morning, Commissioners. I would like to thank you for your continued support of the Alabama Cooperative Extension Office here in Mobile County, as well as the agenda appropriations for the purchase of an updated multi-media PowerPoint projector for the large auditorium. The facility is just fantastic. We are very fortunate to have so many agencies and organizations have their workshops, training, and meetings at the facility. It is a very antiquated PowerPoint projector that was purchased about eighteen (18) years ago through approved appropriations. We installed a new and much better PowerPoint projector. We are very grateful that we have the opportunity to keep the schedule book for agents and agencies. Whenever you're in the area, please pop by and visit us. We also had some small additional improvements to our County office, which we're very grateful and thankful. Just a quick update, our 4-H Youth just came back from camp last week. They were gone for three (3) days. Tomorrow we will be hosting one hundred fifty (150) youth from the Boys and Girls Clubs of South Alabama at the Fairgrounds for Youth Safety Day. We are really looking forward to that. Thank you again.

President Connie Hudson: Very good. Thank you for being here.

President Connie Hudson: Mr. Irby, can you state your address for the records? I neglected to ask everyone speaking.

Eddie Irby, Jr. 92nd Infantry Division Buffalo Soldiers of World War II, 1116 Richard Road, Mobile, Alabama 36618: Oh yes, I know the drill.

President Hudson: We probably have yours.

Eddie Irby, Jr.: I am the president and founder of the 92nd Infantry Division Buffalo Soldiers of World War II. I'll take just a minute or two because we have some certificates. Last Monday, June 6, 2022, D-Day, we had a gentleman in our group from Mount Vernon, Alabama. He was decorated by the French Government. We didn't find out

June 13, 2022

about it until about a month before the program. Pierre and I became real close friends. We decided we wanted to do it, but to recognize him on the same day, this man's tank was blown up. He had over eighty percent (80%) of his body burned. They buried him for ten (10) hours, and the medics came to take him back to the station. Today he looks better than I do, and I am only seventy-five (75) years old. He's ninety-eight (98) years old. His name is Corporal Robert C. Andry, 761st Black Tank Battalion. We called to get some things done. We ran out of money. Someone said to call Commissioner Merceria Ludgood, it's in her district. We did, and she helped. Without her, we could not have finished that program. We had a good showing of people from all over the country. It got so bad that after the program, I had to turn my phone off. All of a sudden, I found out I had relatives I didn't even know.

I have some certificates I would like to present to Commissioner Merceria Ludgood. They are all self-explanatory. These are seven (7) Buffalo Soldiers from right here in the State of Alabama, who are all Purple Heart recipient veterans. The second one is a Certificate of Appreciation from Operation Overlord. That's the name of the program. Most people don't know that Operation Overlord was done by General Dwight D. Eisenhower during World War II when they stormed the beaches of Normandy, France. We just changed the last name and said Operation Overlord. This is the same operation we used when we went into the cemetery. They told me there were six (6) soldiers there. We found nine hundred twenty-seven (927). This one is as of June 6, 2022, D-Day 2022, and Commissioner Merceria Ludgood is a Buffalo Soldier because we got her a certificate.

President Hudson: I think that is certainly worthy of a picture.

Eddie Irby, Jr.: The last one has the seven (7) names of them. We just found this out because most of these men who were awarded the Purple Heart medal, their families, for some reason or another, have not given us the information. We are working with Alabama Congressman Jerry L. Carl to get them. When something like this is given to family members, they own them. But the family members didn't keep them. These men are:

- Private First Class, Henry C. Williams - Plateau, Alabama
- Private First Class, James Burke - Plateau, Alabama
- Private First Class, Liddell Perry - Mobile, Alabama
- Private First Class, Booker G. Green - Mobile, Alabama
- Private First Class, Robert S. Serling - Mount Vernon, Alabama
- Private First Class, John S. Davis - Prichard, Alabama

June 13, 2022

- Private First Class, Douglas Diamond - Prichard Alabama

Three (3) of these men have not received their Purple Heart yet. Alabama Congressman Jerry L. Carl is working feverously to get them for us. I don't know if you got the newspaper, but we got a picture of him and a picture of him being decorated with the French Legion of Honor.

President Hudson: Mr. Irby, if you'll just step up here with Commissioner Ludgood so we can get some pictures. Thank you very much.

Commissioner Merceria Ludgood: Corporal Robert C. Andry, 761st Black Tank Battalion, who was honored, we have a new road going in up there. Even though he's ninety-eight (98) years old, he is still very much paying attention. We had a delegation from the Engineering Department go there and make a presentation to him and some of his neighbors because they wanted to know exactly what was going to happen, and so we did. He is a strong warrior for that community. He is a person who picks up the phone to call and quietly lets me know what we need to be paying attention to. I appreciate that. The public service he showed during his service in the military, he has maintained it. He came back to Chastang, Alabama, and is still active in that community. He is an extraordinary man.

Sharee Broussard, Public Affairs Director: We have three (3) more speakers. Two (2) on Agenda Item #57, which is to approve the preliminary plat only of Dunham Farms, McDonald Road at Theodore Dawes Road.

Kay Walton, 5399 Dawes Lane Extension, Mobile, Alabama 36619: I also have my father's property next door at 5411 Dawes Lane Extension and my daughter's property at 5141 Dawes Lane Extension. My family decided very carefully to settle around Cole Lake, a lake that has a couple of dozen residents. It is very family focused and small, quiet, and peaceful. We are concerned about the proposed subdivision of one hundred forty-five (145) homes that borders on that lake. We have a couple of concerns. First, is it going to grant lake access to one hundred forty-five (145) homes and the residents therein, turning it into a very busy lake instead of the calm and private lake it is now? We are concerned about the actual impact that many homes will have on a small lake. It is not a big lake. Drainage and normal run-off are a concern to us. We are also concerned about the price and value of the homes that will be built

June 13, 2022

there. We realize progress happens, but with the homes currently in that area, we don't want our property values to be affected by something that could pull it down. We don't mean to be negative, but we do have concerns, and we would appreciate responses and action in regard to them. Thank you very much.

President Connie Hudson: Thank you, Ms. Walton. Matthew Barclift, Engineering Development Manager, are you prepared to respond?

Matthew Barclift, Engineering Development Manager: We do not have any regulatory authority to determine who has access to the lake and who does not have access.

President Hudson: Who has ownership of the lake? Is it a public lake?

Matthew Barclift: I don't know that it is a public lake. It appears to be on the private property of whoever owns the boundary parts along the lake. Honestly, we haven't even looked at that consideration because it's not part of our regulatory authority. Access to it has not been a consideration from our perspective. They will be required to have a detention pond and the same kind of care other subdivisions are required to take to make sure they don't impact that.

President Hudson: What I might suggest is if Ms. Walton has any more questions to maybe meet with you for a few minutes after the Commission meeting. Maybe you can help to provide answers and information.

Matthew Barclift: Absolutely. Will do.

President Hudson: Alright. Thank you.

Sharee Broussard: We have another speaker on the same topic.

President Hudson: Okay.

Ercil Godwin, Sawgrass Consulting, LLC: Good morning, Commissioners. We are the engineering firm. I'm here on behalf of the developer. I think I have some answers for a couple of questions that, hopefully, Ms. Walton will find acceptable. If not, I'm happy to speak with her as well.

Commissioner Randall Dueitt: Ercil, can I ask you something real quick?

June 13, 2022

Ercil Godwin: Yes, sir.

Commissioner Dueitt: I assume this is on the west side of McDonald Road across from the Theodore Dawes Road intersection?

Ercil Godwin: Yes, sir. That is correct. Her first question was about access to the lake. This development does not include any frontage on the lake. It's a larger tract of land, but basically, the piece that is being developed does not include any additional frontage along the lake. The residents in this subdivision will not necessarily have access to the lake. There won't be any beer, boathouses, or whatnot there. Hopefully, that answers that for her. In terms of impact to the lake, as Matthew Barclift, Engineering Development Manager, said, we have to take into consideration a stormwater detention pond. We're not anticipating the use of that lake at all for any storm water. We are building ponds on the site to contain the storm water. We should not have any impact to the lake in regards to that. Her third question was about pricing. Naturally, I am not privy to that type of information. We just do the design and moderate construction. I can't answer that one. In terms of the lake, we plan no impact either way of her concerns. I am happy to answer any questions you have, and I am also happy to talk with her after the Commission meeting.

Commissioner Dueitt: Is this D.R. Horton?

Ercil Godwin: Yes.

President Hudson: Thank you for being available. If Ms. Walton has any additional questions, you can speak with her afterward.

Ercil Godwin: Thank you.

Commissioner Randall Dueitt: Ms. Walton, I have some contacts with D.R. Horton. I'll make a few phone calls and see if I can find out the magnitude of homes in that subdivision. I'm assuming you're familiar with D.R. Horton. I hope he answered your questions about access to the lake and any concerns you may have about storm water run-off.

Sharee Broussard, Public Affairs Director: Our final person signed up to speak today is John Makler. He has indicated he is speaking on Agenda Item #56, which is to furnish and deliver washed sand to Theodore High School.

June 13, 2022

Matthew Barclift, Engineering Development Manager:

Just as a clarification, I believe he is here to speak on Agenda Item #58, Wise Subdivision.

Sharee Broussard: Okay. He wrote Agenda Item #56.

Thank you. It is Agenda Item #58, Wise Subdivision, Heron Bay Loop Road South in District 3.

Commissioner Randall Dueitt: I was wondering why you have an issue with sand.

John Makler, 154 Mississippi Street, Dauphin Island, Alabama 36528: I am here in concern of three (3) lots. They sent me a registered letter from the County Commission saying these lots may have adjoined our land. It looks just like our land in Heron Bay. I have got to get some more information on this land. My wife's family has been there since way back in the 1920s or 1930s. It got all messed up and was double assessed by several people. I don't know if this is the Wise Subdivision going in on this land. I can't understand how they can go in and divide up the lot with different people paying taxes on it. It was double assessed with two (2) or three (3) other people. I wonder how it got approved to make lots out of it if it is the same land. The map I have shows the plat is similar to our land, but I'm not sure if it is ours. With the fine writing, I can't tell. I would need to see more of it. I think the old land is somewhere in the archives photocopied or put on microfilm, something like that. I could try to locate that while I'm down here today. I'm just concerned because it looks very similar to our land. They have it listed as being on Heron Bay Loop Road South. Our land is on Heron Bay Loop Road West. It looks very similar to this lot and the way the land is laid out. Heron Bay Loop Road goes right through our land just like this one does. It's concerning to me because it looks very similar to our land, but like I said, I can't make out a bunch of it on this little plat right here.

President Connie Hudson: Mr. Makler, when you say it looks very similar to your land, do you think there is some confusion in the mapping, or is it the ownership? What is the primary issue?

John Makler: Well, I guess it's very confusing because I have been paying the taxes on this thing myself for over forty (40) years. We just never did build anything on it. There have been other people who came in and started to timber the land to take a corner out of it. They started to pay taxes on it, so it was double assessed to them. Then there are two (2) other people that are also paying some part of the taxes on it. I don't know if the surveyors that surveyed the land got it messed up or where the confusion is. I have all of my tax records with me today. The layout of the land, I don't have that plat with

June 13, 2022

me, but I do have the land description of where we are paying taxes on it.

President Hudson: Okay.

John Makler: That was my concern because if it is the same land, how did it get all mixed up like that?

President Hudson: Okay. Matthew Barclift, Engineering Development Manager, are you prepared to shed some light on this, or do you need to review the records?

Commissioner Dueitt: Does your property on Heron Bay Loop Road West have an assigned address, or is it just a plat?

John Makler: It doesn't have an address.

Matthew Barclift: He joined us about ten (10) minutes before the Commission meeting, so we did not have the time to make an assessment of where his property is in relation to this subdivision. Often in these older subdivisions, the lots are made to look very similar. It's up to the Commission if you would like to hold this over; we could look a little closer to see if there is some cross over between the properties. Generally speaking, we do not do title searches. We rely on surveyors and property owners to properly represent they have the title for the property.

Commissioner Dueitt: I don't have an issue with holding it over. Before he leaves, could someone sit down and look at a Geographic Information System (GIS) map and identify the property with him? If there is an overlay, then certainly we have an issue. If we could locate his property and the property in question, we could show him the difference between the two (2) properties. Then we could move forward with this at the next Commission Meeting. If there is an issue, I want to make sure before we move forward with it that his property is separate from the property in question.

Matthew Barclift: No problem. We'll be very happy to meet with him and show him where his property is.

Commissioner Dueitt: Thank you. Is that satisfactory, sir?

John Makler: I want to thank y'all for hearing me out.

Commissioner Dueitt: Yes, sir.

President Hudson: Certainly. Thank you for being here today.

June 13, 2022

Sharee Broussard, Public Affairs Director: That concludes everyone who signed up to speak this morning and the presentations we had.

President Connie Hudson: Okay.

Glenn L. Hodge, County Administrator: Good morning, Commissioners. On Agena Item #58, you said to hold it over, but there are two (2) segments.

Commissioner Randal Dueitt: Yes, on Agenda Item #58, I was looking at it.

President Hudson: It's the first part of Agenda Item #58, Heron Bay Loop Road South, correct?

Commissioner Dueitt: Yes.

Glenn L. Hodge: We'll hold over the first part.

AGENDA #1

APPROVE MINUTES

Commissioner Dueitt moved, seconded by Commissioner Ludgood, that the Board approve minutes of the regular meeting of May 23, 2022.

Motion carried unanimously.

AGENDA #2

APPROVE CLAIMS
