MOBILE COUNTY COMMISSION

The Mobile County Commission met in regular session in the Government Plaza Auditorium, in the City of Mobile, Alabama on Monday, November 22, 2021, at 10:00 A.M. The following members of the Commission were present: Merceria Ludgood, President and Randall Dueitt, Member. Connie Hudson, Member, was absent. Also present were Glenn L. Hodge, County Administrator/Clerk of the Commission, Jay Ross, County Attorney, and W. Bryan Kegley II, County Engineer. President Ludgood chaired the meeting.

---

INVOCATION

The invocation was given by Chaplain Phillip Snodgrass, Mobile County Sheriff's Office.

---

**Michael White, 10701 Tanner Williams Road, Mobile, Alabama 36608:** I have a clarification question on whether the subdivision that is going to be put next to my property is going to affect my property in any way. Will I be expected or required to provide any sort of easement? The way it looks right now, there shouldn't be a need for it.

**President Merceria Ludgood:** Which subdivision is this for, Mr. White?

**Michael White:** It is going to be a new one. There will only be two (2) lots. The agenda called it the Richard Hinson Subdivision in District 2. It is item number 44.

**President Ludgood:** Can one of you respond?

**Matthew Barclift, Engineering Development Manager:** Commissioners, there should not be any obligations on his part. The notification to him was a courtesy under state law to adjoining property owners. It is a simple two (2) lot subdivision.

**President Ludgood:** Okay. Thank you, Matthew Barclift, Engineering Development Manager.

**Commissioner Randall Dueitt:** Thank you.

**President Ludgood:** That is Matthew Barclift. If you have any further questions, you'll need to go to him.

**Michael White:** Thank you.

**President Ludgood:** Thank you for coming.

**Charles Harvey, Wilmer Volunteer Fire Department:**

Our main issue right now is the shut down of the Wilmer-Georgetown Road and Walter Tanner Road. It is taking us a lot longer to get around to calls. It was a short notice for us. When we spoke with the Alabama Department of Transportation (ALDOT), they gave us a way to cut through. Now the Mobile County Sheriff's Department is pulling us over when we go through it. It is harder for us to get to the school. It used to take us five (5) minutes and now it takes ten (10) to twenty (20) minutes to get to the school. Our biggest issue is on the emergency part. Can we have access to get through so we can get to our calls faster?

**President Merceria Ludgood:** You said Wilmer-Georgetown Road and Walter Tanner Road is closed?

**Charles Harvey:** Yes.

**President Ludgood:** What did you say about the Alabama Department of Transportation (ALDOT)?

**Charles Harvey:** We talked to them about giving us a way to get through there so we can get to calls. We have to go all the way down to Glenwood Road and then cut back up. Anything on that side of Wilmer will take us a while to get to. We had a house fire last night and it took us an extra twenty (20) or thirty (30) minutes to get to it. We have to go all the way around. A lot of people complain about it. They are coming after us for it and there is nothing we can do about it.

**President Ludgood:** You said the Alabama Department of Transportation (ALDOT) gave you the right to cut through but now the Mobile County Sheriff's Department is pulling you over?

**Charles Harvey:** Yes.

**President Ludgood:** Okay.

**Charles Harvey:** They will tell us we are not allowed to cut through there. We have told them the Alabama Department of Transportation (ALDOT) told us we could.

**President Ludgood:** Okay.

**Commissioner Randall Dueitt:** I think all of the speakers who have signed up are wanting to speak on the same matter with Walter Tanner Road. W. Bryan Kegley II, County Engineer, do you want to address this at the end instead of addressing each one individually?

**W. Bryan Kegley II, County Engineer:** If I may, I would like to cover a few things in general. My understanding is based on the discussions we have had with the Alabama Department of Transportation (ALDOT), they were allowing rescue vehicles and any vehicle with a blue tag on it to go through the work construction site on the Wilmer-Georgetown Road. If you do not have a blue tag, you

November 22, 2021

will be ticketed. It is a construction site. For expediency's sake, they were allowing rescue vehicles to go through. Hopefully the Mobile County Sheriff's Department is not trying to ticket rescue vehicles going through the Wilmer-Georgetown Road site. Hopefully, that is an access for emergency vehicles to take.

**Commissioner Dueitt:** Aren't a lot of your vehicles from volunteer individuals who drive their own vehicles?

**Charles Harvey:** Yes. A lot of our guys are coming to the station in their personal vehicle. The Mobile County Sheriff's Department is still pulling them over. It is taking us a long time. We need to address this issue.

**W. Bryan Kegley II:** That can be an issue. We have a solution in hand to be worked out this week. The Commissioner's office over that district is working with the Mobile County Sheriff's Department to get increased patrol to reduce the speeds on Walter Tanner Road. If we can get that assurance from the Mobile County Sheriff's Department on the increased patrol, I believe it is our intent to open up Walter Tanner Road for local traffic. Large 18-wheel semi-trucks will not be allowed. With the additional speed patrol by the Mobile County Sheriff's Department, we hope it will provide a degree of safety to where we can open the road.

**President Ludgood:** To handle Charles Harvey's current dilemma, he needs to leave here knowing something. I would like to move this to the front of the class to figure out how the Mobile County Sheriff's Department can identify them by using decals or something else. That will allow them to know when it is someone going to a fire and they will not have to be stopped to explain to a deputy what is going on.

**W. Bryan Kegley II:** This is the first I have heard of personal vehicles being pulled over. It is a good and valid point. There are volunteers who are serving the Wilmer Volunteer Fire Department. If they had a placard, maybe we can work this out with the State of Alabama. In the interim and hopefully within the next few days, we can get this agreement with the Mobile County Sheriff's Department to provide additional patrol. If we can do that, we can open Walter Tanner Road back up.

**Commissioner Dueitt:** I saw the letter that went to Sam Cochran, Mobile County Sheriff. I don't know what kind of additional patrols you're talking about now. The letter I saw asked Sam Cochran, Mobile County Sheriff, to post a deputy on Walter Tanner Road twenty-four seven (24/7). That is not acceptable to me. I talked to Sam Cochran, Mobile County Sheriff about it and if that's what it will take to open the road, it won't happen.

**W. Bryan Kegley II:** I have had additional conversations with him, Commissioner. We are thinking Monday through Friday during the busy time in the morning, which would be about 6:00 a.m. to 9:00 a.m. Then again in

November 22, 2021

the evenings between 2:30 p.m. to 6:00 p.m. If we can get the Mobile County Sheriff's Department to agree to that, then we feel comfortable with opening the road up.

**Commissioner Dueitt:** He said he would put a trailer out there as well, if it's not already out there.

**W. Bryan Kegley II:** That would be beneficial. He could put one on the north side and one on the south side, if they are available. There would also need to be an uniformed deputy to check the speeds.

**Commissioner Dueitt:** Okay.

**W. Bryan Kegley II:** Hopefully, we can get it worked out today or tomorrow with the Mobile County Sheriff's Department. Then we can take steps to open up Walter Tanner Road.

**President Ludgood:** Mr. Harvey, do your volunteers have anything that could be placed on their vehicles to identify them as part of the Wilmer Volunteer Fire Department?

**Charles Harvey:** The only thing we have right now is a Wilmer Volunteer Fire Department tag. We don't have placards to place on the side of their vehicles.

**President Ludgood:** You do have a tag?

**Charles Harvey:** Yes.

**President Ludgood:** Is it on all of the vehicles?

**Charles Harvey:** Most of them do. New members have to be on for one year before they receive one.

**President Ludgood:** Okay. Maybe we need to make the Mobile County Sheriff's Department aware that if they have the Wilmer Volunteer Fire Department tag and do not have a blue tag, it will allow them to know who they are.

**W. Bryan Kegley II:** Okay.

**President Ludgood:** There are a lot of volunteers all over Mobile County. They have to use their personal vehicle because there is not enough equipment.

**W. Bryan Kegley II:** The State of Alabama is concerned about the traffic going through a construction site. They do not want a lot of traffic going through there. The very sporadic private citizen volunteers would be such a minimal impact on the construction site, I can't imagine the State of Alabama not agreeing to that.

**President Ludgood:** Okay. Would you leave your name and phone number so we have a way to get in touch with you directly. Then you can let your volunteers know what the status is.

November 22, 2021

**Charles Harvey:** Yes, ma'am.

**Sharee Broussard, Public Affairs Director:** We have his information.

**President Ludgood:** Thank you.

**Commissioner Dueitt:** You guys were using Walter Tanner Road and now that it's closed, you are getting pulled over going through the Department of Transportation route?

**Charles Harvey:** We were using Wilmer-Georgetown Road when they gave us permission to go through there while the construction was going on. When they began to pull us over at nighttime for going through there, we began to use Walter Tanner Road when it was open. Then eventually that road was shut down too. It gave us no way around it.

**Commissioner Dueitt:** Alright. Thank you.

**W. Bryan Kegley II:** I truly believe we should be able to coordinate with the Mobile County Sheriff's Department to get this straightened out in the next few days.

**President Ludgood:** Okay.

---

**Sharee Broussard, Public Affairs Director:** We have several more speakers who have signed up to speak about Wilmer-Georgetown Road. As I understand, not all of them are going to address the Commission.

**President Merceria Ludgood:** Before the next speaker comes down, I am going to restate what our County Engineer has told us. They expect to resolve within the next couple of days a way to open Walter Tanner Road, but it will have increased law enforcement coverage between 6:00 a.m. and 9:00 a.m. and between 2:30 p.m. to 6:00 p.m. If they have that, it would allow them to safely reopen Walter Tanner Road.

**W. Bryan Kegley II, County Engineer:** May I request your assistance with this?

**Commissioner Randall Dueitt:** I hate to have this whole conversation with Commissioner Connie Hudson not being here since it's in her district. I do want to ask you though, why is it an imminent danger? If we're going to start closing down roads in Mobile County because of speeding from my understanding, I have a couple on my list I would like to add in my district that we need to close. I get hundreds of complaints a month about people speeding. Just because someone may speed, in my opinion, I don't think that constitutes a reason to close down a county road, if it were in my district. I don't want to talk a whole lot about it because it's her district. I know she is not here to defend it. Is there an imminent danger that

November 22, 2021

I'm not aware of other than somebody could possibly speed on the road?

**W. Bryan Kegley II:** Commissioners, with the signed detour for Wilmer-Georgetown Road being to the east a couple of miles over to Glenwood Road and Cuss Fork Road, people were not abiding to the sign. Evidently the Global Positioning Systems (GPS) and some of these large trucking operations were sending large 18-wheel semi-trucks down Walter Tanner Road, which is not suited for that type of traffic. The volume of traffic increased dramatically. The types of traffic going down Walter Tanner Road increased to a point where the speeds were what we considered to be very dangerous. Somebody was going to get killed on that road if we did not take some measures. We asked the Mobile County Sheriff's Department to patrol it for us. They wrote a lot of traffic tickets. The speeding tickets were only written if in excess of twenty (20) miles per hour over the posted speed limit. They were writing traffic tickets left and right. There were calls from the citizens on Walter Tanner Road about the unsafe conditions. We went out and observed. It was unsafe. Somebody was going to get killed. The only way to rectify the situation was to close the road.

**Commissioner Dueitt:** I spoke with the Alabama State Trooper's Office this morning with the Commander in Mobile, Alabama. They have not written a single accident report on that road.

**W. Bryan Kegley II:** I am not aware of any accidents. There are no deaths that I am aware of. We are extremely fortunate, in our opinion.

**Commissioner Dueitt:** Maybe we can limit the size of vehicles by putting up a sign preventing these bigger trucks from going through there.

**President Ludgood:** Commissioner Dueitt, can we go ahead and hear from the rest of the people who have signed up to speak? Then we can circle back to you.

**Commissioner Dueitt:** Okay.

**Sharee Broussard:** Thank you.

---

**Tonya Berryhill, 4149 Grace Court, Wilmer, Alabama 36587:** I work at Wilmer Elementary School, which is completely blocked off from the south side and the west side with the road closures. There is only one (1) road that anyone can access our school because of the road closures. We have five (5) students who have severe medical plans that make them medically high at risk. One of them has gastroparesis. Her mother has given us permission to let you know that if her tubes come out, which they have before at school, she has two (2) hours to get to the hospital before her stuff starts to close up. The parents cannot get to the kids. The Wilmer Volunteer

November 22, 2021

Fire Department also serves us at the school as our Emergency Medical Services (EMS). They are our first responders. They can't get to us. If they are in their personal vehicles, they have to drive all the way around the lake to get to our school or to the fire trucks. They're not always going to be in a fire department vehicle. We were first told they would allow emergency responders on Wilmer-Georgetown Road. We have heard from the Wilmer Volunteer Fire Department that they are not allowed through. We have not had accidents on Walter Tanner Road, because if you're familiar with that area, the only houses you have essentially protected from speeding is about five (5) in total. On Cuss Fork Road where the detour is, it is heavily residentially populated. We have multiple bus stops with children on the corners. There are dirt roads off there and the school buses cannot go down the dirt roads. All of those kids, sometimes fifteen (15) to seventeen (17) students, are standing there on the corner of Cuss Fork Road. The speeding there is much more prominent than in front of the five (5) houses on Walter Tanner Road. Knowing the area, I am a little confused why we're allocating all of these resources to Walter Tanner Road for five (5) homes when you have rerouted all of that traffic down Cuss Fork Road where a lot of houses are and where students are standing waiting for the bus. Their parents have to put them out there on the side of the road to get picked up by the bus. There are no bus stops on Walter Tanner Road. Those students don't even attend our schools. You have cut us off from Emergency Medical Services (EMS). We have had to reroute our school buses. It does not make sense to me as a resident why you would close down both roads. I can also tell you the detour that goes through on Cuss Fork Road to Wilmer-Georgetown Road, there's a hill there. It will take one (1) major accident there and then Wilmer-Georgetown Road is shut down on the other side of the road. Then no one will have access to our school. We have over four hundred (400) students at that school who have medical needs. We have thirteen (13) who have behavior plans. I have personally had to restrain and wait for help to get there. If they can't get to us, that's a problem. I don't understand why the focus is on Walter Tanner Road, as far as speeding. It's much more of a safety concern on how you rerouted the traffic.

**W. Bryan Kegley II, County Engineer:** If I may, I'd like to respond to that.

**President Ludgood:** Make a note of what you'd like to say and then respond at the end. I'm just trying to get everybody a chance to speak. Then you can respond to all of the concerns.

**W. Bryan Kegley II:** Okay.

**Sharee Broussard, Public Affairs Director:** Do you have any closing words? You have about thirty (30) seconds left to speak.

**Tonya Berryhill:** No. I just want them to understand the importance of how they have cut our school off from all

November 22, 2021

of our resources. We had one hundred sixty (160) parents who had to come pick up their students so far this school year because of the nurse calling them due to an illness or something. Those parents are not able to get in and have to go around the lake to get to their child. What happens when it is a medical emergency?

**President Ludgood:** Thank you.

---

**Kelly Curtis, 7148 Wilmer-Georgetown Road, Wilmer, Alabama 36587:** I am here to reiterate what has already been said about our schools. I am also here to talk about our community. I have been a resident of the Wilmer-Georgetown Road area my entire life. Eight (8) years ago, my husband and I bought a house out there. I grew up on the road and now my husband and I live there with our four (4) children. Speaking for the community, and I have talked with several people who live out there, cutting off Wilmer-Georgetown Road has been hard on us for many reasons. Yes, it has to do with convenience. It also has to do with financial stuff now that we have to travel all the way around to get back to our community. We live right past the school. It's not uncommon for us to go down Walter Tanner Road to get to our church, to the Dollar General store, and to the Post Office. Now these daily activities that would typically take us five (5) to six (6) minutes is taking us twenty (20) to twenty-five (25) minutes, depending on the traffic. I understand the whole idea of extra traffic being down Walter Tanner Road. Wilmer-Georgetown Road was closed this summer, which was a huge issue because there is a lot of traffic that is coming back and forth to the beach. I understand that Global Positioning Systems (GPS) were routing people down Walter Tanner Road. Now that summer traffic is gone and just regular traffic is coming through, it's not as crazy as it was this summer when those people were calling to begin with. I do know those people as they are my friends. We have argued with them about that. That has calmed down. As far as speeding, it's hard to go that fast on a dirt road when you have traffic. Along with that and with talking about the things we have to do because you closed Walter Tanner Road, you have now affected hundreds of families versus the few families who live on Walter Tanner Road. I have spoken with several people who are elderly and who go to Rocky's Drug Store. Instead of being able to go up and get there within five (5) minutes, these elderly people who are in their eighties (80's) are having to leave their homes and go all the way around Cuss Fork Road, over the bridge, to Rocky's Drug Store, just to come back that distance. With the prices of gas, these people who live on fixed incomes are struggling. That also has to do with people who have children who are also having to do that same drive. Financially, that is a burden. I think about my situation. My family has four (4) children who are seven (7) and under. If we needed emergency services for some reason, that will take an additional twenty (20) to twenty-five (25) minutes to get there. My neighbor, who is

November 22, 2021

in her eighties (80's), has dementia. The other day she got out of her house. My husband and her husband had to look for her. She was down past Wilmer Elementary School. We were having these discussions of if Walter Tanner Road continues to stay closed, and I understand y'all are saying y'all will open it, we as a community would like to know a specific date of when that will happen. You keep saying if this happens, if that happens. The Mobile County Sheriff's Department might not agree to have someone out there. We will still be affected by these issues in our daily lives. This is a daily thing for those of us who live out there. As far as the detour goes, the detour is even more unsafe than Walter Tanner Road because it is such a short road. The detour we are taking is at least fourteen (14) miles long. It's dark and windy. It has barely any street lights. It is not lined properly. As Tonya Berryhill mentioned, school buses are going down those roads. I have spoken to several bus drivers. One contacted me and said she is spending an additional two (2) hours on her bus a day because of the closing of Wilmer-Georgetown Road and Walter Tanner Road. We are thinking about these children who are having to wake up even earlier than normal to get on their buses. These parents have to have their children at the bus stop earlier than before. We as the locals of Wilmer-Georgetown Road want to know when exactly Walter Tanner Road will be open again. It's fine if you say just locals can go through it because that is who is being affected by it.

**President Merceria Ludgood:** Thank you.

---

**Sharee Broussard, Public Affairs Director:** I have just been informed that Chief Eddie Burrow from the Mobile County Sheriff's Department is on his way here.

**President Merceria Ludgood:** Okay.

---

**Larry Sowell, 7176 Wilmer-Georgetown Road, Wilmer, Alabama 36587:** My concern is what their concern is. When the road was shut down in June, everyone was going to Gulf Shores, Alabama or coming home from there. They all took Walter Tanner Road. It was a problem. A sign can be put up saying Walter Tanner Road is closed to local traffic only. That will eliminate the traffic going through there. My parents lived on Glenwood Road. We've had speeders on that road for years. It's getting worse because of all of the detour traffic coming through there. If you go up there and travel Glenwood Road, there are no places for these school buses to pull over. If they break down, they can't even get off of the road. Now you're talking about a busload of children. If the bus breaks down on a curve and one of those big dump trucks or other vehicles are coming through there speeding, there will be a fatality. We recently had a fatality close to the bridge by Big Creek

November 22, 2021

Lake. Three (3) people were killed. You're putting all this extra traffic two (2) times a day, ten (10) trips a week for people going all the way to Fairview Street to Glenwood Road to get back to their homes and to the school. As they already said, there are a lot of elderly people that live there and depend on the drug store, the doctor's office, and the Dollar General store on a daily basis. You could temporarily put some speed bumps on the paved part of Walter Tanner Road to slow people down. Only about one-half (1/2) to three-quarters (3/4) of a mile is dirt. There hasn't been a single accident since we have been using that road. To say safety is the reason we are closing it doesn't make sense. You're jeopardizing a couple hundred families that live in that one section. We're isolated now because these roads are closed. There are enough deputies in Mobile County and they can be there at certain times to catch some of these speeders. We do have speeders out there but they're everywhere. It's affecting a lot of families. The people that made this decision aren't even familiar with the area or what they're doing. Our safety is just as important as the few you're talking about on that road. They can easily close that road down once they get Wilmer-Georgetown Road reopened. Now we're talking about a year or longer of dealing with this. It's not something that is just a couple of months. They're talking about it taking a year of keeping our road closed to get the bridge built. We need Walter Tanner Road to open and stay open until they open Wilmer-Georgetown Road again. That's what we're asking you to do. I thought there would be more people here today because it is affecting so many people. That is our biggest concern. We can't get the fire protection or ambulances if we need them. It's taking longer. You're jeopardizing all of these school kids for the rest of the school year. There are thirteen (13) school buses a day going up and down Glenwood Road. You need to go out there and travel that road one time and then you'll understand the concerns. I would hope the Mobile County Sheriff's Department would work with us and put some patrols out there. Let's get this road opened back up. That's all I have to say. Thank you.

**President Merceria Ludgood:** Thank you, Mr. Sowell.

**Commissioner Randall Dueitt:** Thank you.

---

**Sharee Broussard, Public Affairs Director:** Karen Hoof, 8001 Bluett Tanner Road, Wilmer, Alabama 36587, has signed in but has declined to speak to the Commission.

---

**Commissioner Randall Dueitt:** I see Chief Eddie Burrow, Mobile County Sheriff's Department, is here. Would you like to comment on the situation?

November 22, 2021

**Chief Eddie Burrow, Mobile County Sheriff's**

**Department:** I can meet with all of them after the Commission Meeting. We do not have the personnel to handle the situation as they have asked us to do. We have written hundreds of tickets in that area already. We have been out there but we can't stay on that street. We have so many other roadways in the county and calls of service. I think W. Bryan Kegley II, County Engineer is the one who decided to close that road. We had nothing to do with the closing of the road. I can meet with you afterwards and tell you what our plan is and how it can safely open back up. We have it posted so no 18-wheel semi-trucks can come through there. The hours have been presented to us and it's a little bit extreme.

**Commissioner Dueitt:** I don't disagree. That's not even my district and I have received twenty-five (25) to thirty (30) calls about this road closure. For those of you who don't know, I worked at the Mobile County Sheriff's Department. I saw a letter that went to Sam Cochran, Mobile County Sheriff, basically presenting an option to post the deputy there twenty-four seven (24/7). That is not an option for the Sheriff's Department. We have thousands of miles of roads in Mobile County. We can't post a deputy. I think it'd be irresponsible of the Sam Cochran, Mobile County Sheriff to post a deputy there twenty-four seven (24/7). That's my personal thought. I do think and have talked with Sam Cochran, Mobile County Sheriff about it, that he would do as much as he could. W. Bryan Kegley II, County Engineer, I don't know about the specific hours, but maybe we could use some of the Click It or Ticket or Driving Under the Influence grant money to post a deputy out there to try to stop some of the speeding.

**Eddie Burrow:** That particular grant has not been approved yet. It will be for the first of the year. Some of those funds can be used towards this.

**Commissioner Dueitt:** Yeah.

**Eddie Burrow:** There have been several people working out there over the past two (2) months and they have been working overtime. There have been a lot of tickets issued.

**Commissioner Dueitt:** Thank you for coming over.

**Eddie Burrow:** Yes, sir.

---

**President Merceria Ludgood:** It sounds like part of the solution to relieve some of the difficulty caused by the Walter Tanner Road closure has to do with posting a law enforcement. Is that right, W. Bryan Kegley II, County Engineer?

**W. Bryan Kegley II, County Engineer:** Yes, ma'am. We have several issues out there. The citizens have brought

November 22, 2021

up some of their concerns and we have looked into that. We had a good feel for what we thought would occur before we made the decision to shut Walter Tanner Road down. After listening to multiple calls over the last couple of weeks, we decided to go out and verify what our thoughts were with the Mobile County Emergency Medical Services and their leadership. They have assured us the response time for emergency services and the way their logistics are set up with their Global Positioning Systems (GPS) and controls would not be dramatically impacted.

**President Ludgood:** Mobile County Emergency Medical Services is different. They don't respond to fires.

**W. Bryan Kegley II:** Right.

**President Ludgood:** We have only one (1) perspective and we might need to add more.

**W. Bryan Kegley II:** The Mobile County Emergency Medical Services is an ambulance service, not the fire service. Now with the fire service vehicles, I understand they do have blue tags. We had not considered the private citizens acting as volunteers having difficulty going through that site. That is something we need to rectify with the Mobile County Sheriff's Department. Hopefully it will be a moot point. If we can get some additional speed enforcement on Walter Tanner Road, it will be our intent to open the road back up. I am hoping I can work with Chief Eddie Burrow, Mobile County Sheriff's Department, to get some additional speed enforcement out there to slow the traffic down, so we can open the road up. It doesn't have to be twenty-four seven (24/7). I don't believe that was the intent of the letter that Commissioner Connie Hudson sent. If we can get 6:00 a.m. to 9:00 a.m. and 2:30 p.m. to 6:00 p.m. or something of that nature, those are the heavy times. We will post it as no 18-wheel semi-trucks on that road. We believe we can open it back up again in a safe condition.

**President Ludgood:** For those who came down today, thank you for bringing all of the information to us, particularly the perspectives that may not have been a part of the planning. I don't know that we were aware that there are thirteen (13) school buses or that children were congregating on dangerous corners or that our volunteer fire fighters response time is now longer. Those are the kinds of issues we need to know, so we thank you for bringing them. What I will tell you is that we should have an answer for how we are going to address this situation by the close of business on Wednesday, November 24, 2021. Those of you who came down and provided your information, we will make sure you receive a direct response that you can share with other members of the community about how the county will proceed. This is tough, but I want everyone to know this was intended to help. Sometimes, despite our best intentions, something that was intended to help has an unanticipated consequence of inconvenience that we were not expecting. It was all meant for good and there was no intent to create bad situations for these sick children,

November 22, 2021

parents, and everyone else. This is just what happened. I believe that now that we have all of the information before us, we can find a solution that ease the burden and give particularly the people at the schools some comfort that if you have a sick child, emergency services are going to be able to get to you. We thank you for coming. I know this is probably not the most satisfying answer you can get, but it's the best we can do right now. We are going to continue to work and get an answer to you by the close of business on Wednesday, November 24, 2021. Are there any other speakers on any other issues?

**Sharee Broussard, Public Affairs Director:** No, ma'am.

**President Ludgood:** Okay. At this point, we are going to resume our regular agenda. You are welcome to stay. Chief Eddie Burrows, Mobile County Sheriff's Department, is here. He has indicated his willingness to talk. W. Bryan Kegley II, County Engineer, if you need to excuse yourself to talk to him and them, feel free to do so. If we need you, we'll call you back. Thank you.

ADOPT RESOLUTION/DISSOLVE  
MOBILE COUNTY RECREATION BOARD

Commissioner Dueitt moved, seconded by President Ludgood, that the Board adopt the following resolution:

**WHEREAS**, the Mobile County Commission owns certain real property formerly known as Softball City; and

**WHEREAS**, on January 13, 1992, the Mobile County Commission by resolution created a recreation board pursuant to Section 11-86-1, et seq., *Code of Alabama, 1975*, as amended, which was to be known as the Mobile County Recreation Board; and

**WHEREAS**, the Mobile County Recreation Board has not been active since approximately 1996; and

**WHEREAS**, the Mobile County Commission believes that the Mobile County Recreation Board is no longer necessary for the purposes of providing oversight to public parks and recreational facilities at the former "Softball" location for the citizens of Mobile County; and

**WHEREAS**, the Mobile County Commission wishes to dissolve the Mobile County Recreation Board and that any obligations remaining, if any, be transferred back to the Mobile County Commission.

**NOW, THEREFORE, BE IT RESOLVED**, by the Mobile County Commission that it hereby dissolves the Mobile County Recreation Board.

AGENDA #9

APPROVE CDP-203-22/APPROPRIATION  
CONTRACT/CITY OF SEMMES/  
DISTRICT 2 FUNDS

**Commissioner Randall Dueitt:** I had a question about this. I would like to ask if we can carry this over until Commissioner Connie Hudson is here so we can have a discussion about it.

**President Merceria Ludgood:** Okay. I have done this for the City of Citronelle before.

**Commissioner Dueitt:** I don't have an issue with it. I just wanted to have a discussion about the proposed length of time. This is a technology based equipment they are buying. I had some concerns with the length of time for that. They have an established police department in the City of Semmes. Again, I don't have a problem with doing this. I just want to make sure we do not buy body cameras if they are a year from having guys on patrol because the technology of the equipment may get better in that length of time. I wanted to make sure it is not an issue.

**President Ludgood:** Okay.

**Commissioner Dueitt:** If we can, can we hold this over until I can have a discussion with Commissioner Connie Hudson or Mayor Brandon Van Hook, City of Semmes. I don't want to buy it too soon is all I'm saying.

Upon the request of Commissioner Dueitt, this item was held over until December 13, 2021.
