SPECIFICATIONS FOR GREASE TRAP MAINTENANCE AND PUMPING

GENERAL OVERVIEW:

SECTION 001 – SCOPE OF WORK

Scope of Services:

This Service Contractor shall provide quarterly inspections of the grease traps at various Mobile County Commission Building Maintenance locations, as listed in Exhibit A – Grease Trap Locations. Each facility is unique and will have an in-ground grease trap containment unit containing 100 to 1,000 gallons, depending on the location.

Basic Services:

The Service Contractor will be required to perform inspections, maintenance & pumping of each tank per the Mobile Area Water & Sewer System's (MAWSS), Food Service Facility Grease Control Manual, January 2004, revised January 2010. Inspections must include using the "25% Rule", visual inspections, and any mechanical inspections, as required.

The Service Contractor shall completely remove all grease waste from the grease trap by backwashing, steaming, hydro blasting, and additional vacuuming to remove all waste materials, etc. (as approved by the MAWSS). Removal of the manhole cover may be required as part of this process to allow the cleaning to be performed and will be the responsibility of the Service Contractor to replace and secure the manhole cover once cleaning is completed.

Proper disposal of all waste materials shall be the responsibility of the Service Contractor and shall be performed as per the MAWSS Food Service Facility Grease Control Manual and in accordance with all MAWSS procedures and policies.

The maximum number of gallons to be pumped under Basic Services is 30,000 gallons per year. Additional pumping over 30,000 gallons per will be performed under Additional Services as specified below. If less than 30,000 gallons are pumped per year, Service Contractor will be paid for only the number of gallons pumped in accordance with the Inspections, Maintenance & Pumping of Grease Traps listed under Contract Sum, Section 3.1 of the Agreement.

All required documentation for each location shall be submitted to the Service Contract Administration or his designee upon completion of any work at each location in a timely manner to facilitate accurate record keeping. Contact person is Jon Coster Jr.

Additional Services:

Additional pumping over 30,000 gallons per year and required maintenance not covered under Basic Services and the Mobile Area Water & Sewer System (MAWSS), Food Service Facility Grease Control Manual (current edition), will be performed as Additional Services and shall be billed against the Allowance in accordance with the Unit Prices listed in the Agreement.

Prior to beginning any Additional Service work, a report on existing conditions along with a request for Additional Services with a cost estimate shall be submitted to the Service Contract Administrator for review and approval. No work shall be performed by the Service Contractor without written approval by the Service Contract Administrator.

The Service Contractor, upon executing this Agreement, acknowledges and accepts full responsibility for all activities related to this Scope of Work and all work performed under this Agreement. The Service Contractor, upon executing this agreement also agrees to compensate Mobile County Commission Building Maintenance for any fines, fees, or penalties that it may incur due to the service contractor’s negligence or failure to provide services as stated in this agreement.

Please note that additional Mobile County locations may be added during the term of this contract for the same cost per gallon.
