

REQUEST FOR PROPOSALS ENGINEERING SERVICES

The Mobile County Commission is soliciting statements of interest from qualified firms and individuals interested in providing professional engineering, quality assurance, geotechnical testing and project administrative services related to the implementation of a Community Development Block Grant (CDBG) assisted project, as funded by the U. S. Department of Housing and Urban Development and other funds.

The project will consist of design, bidding and construction project administration for water and sewer utility relocations associated with street, drainage, and sidewalk improvements planned for West Turner Road in Prichard.

Firms interested in performing the work will be considered on the basis of a written response to this Request for Proposals. All applicants must submit their qualifications and list any prior experience with Federal and State programs, especially CDBG projects and/or other HUD related projects/programs, particularly those similar in nature and scope to the above services being requested. A copy of the Certificate of Authorization in compliance with the Code of Alabama 34-11-9, as required by the State of Alabama Board of Licensure for Professional Engineers and Land Surveyors, shall be submitted. Also include the names and registration numbers of individuals involved in this project when performing professional services.

All applicants must furnish proof of enrollment in E-Verify, and an affidavit attesting that they will not knowingly hire, employ or continue to employ any unauthorized aliens in the manner and form available online at www.uscis.gov/everify and to execute a certificate of compliance with the Beason-Hammon Alabama Taxpayer And Citizen Protection Act (Act 2011-535), as amended by Act 2012-491.

Proposals should include sufficient information to allow for rating according to the following criteria:

Criteria	Points Available
Prior experience with CDBG projects and/or other HUD projects/programs	30 pts
Professional Qualifications	30 pts
Experience with design and administration of projects of similar scope	30 pts
Estimated days for the personnel to complete both the design phase and construction phase of the project	10 pts

These proposals are being requested in accordance with 2 CFR 200.320 (d) (5), as issued by the Office of Management and Budget.

The firm that is selected will be notified and a contract negotiated. The contract will be for a period coinciding with the completion and closeout of the project for which services are being requested. Additional services related to this or other projects of a similar nature may be contracted under this solicitation at the option of the County. The County reserves

the right to reject any or all proposals, and to waive any irregularities or informalities in the proposal process.

Four (4) copies of the proposal must be sealed and properly labeled and may be mailed or hand delivered to: Rhonda Gullledge, Mobile County Engineering Department, Mobile Government Plaza, 6th Floor, South Tower, 205 Government Street, Mobile, Alabama, 36644-1600. Proposals should be labeled "Proposal for Engineering Services related to Project No. **MCD1-PW-25-001.**" All proposals shall contain original signatures; facsimile copies will not be accepted. Proposals must be received no later than **5:00 p.m. on August 19, 2026.** All proposals will be evaluated, and a selection will be made and approved by the County Commission. The County of Mobile is an Equal Opportunity Employer. Minority firms and women business enterprises are encouraged to submit proposals.

ADVERTISE ON THE FOLLOWING DATE(S): August 5, 2026, August 12, 2026, August 19, 2026

Supplemental RFP Document -

The grant project is to design water and sewer relocations to accommodate the culvert construction. The blue circle is the bridge that is being replaced with a box culvert.
