Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Mobile County Commission serves as grantee and lead agency of the Urban County. The Urban County comprises of nine incorporated municipalities—Bayou La Batre, Chickasaw, Citronelle, Creola, Mount Vernon, Prichard, Saraland, Satsuma and Semmes—and all of the unincorporated area of Mobile County, Alabama. As lead agency, Mobile County is required to prepare an Action Plan for each year of the five-year planning period covered by the 2020-2024 Consolidated Plan (Plan), which was adopted on May 26, 2020. The Consolidated Plan includes strategies for addressing some of the identified community needs with Community Development Block Grant (CDBG) funds and HOME funds, and when allocated, the Emergency Solutions Grant (ESG) Funds. The Year Three PY22 Action Plan (AP), outlines proposed activities to be undertaken with CDBG and HOME funds in Program Year (PY) 2022, it also serves as an application for the grants.

Substantial Amendment: The PY21 Countywide Spot/Blight activity for \$150,000 is cancelled. The \$150,000 is included in funding PY22 Street Improvements, South Mobile County activity. The cancellation of a project triggers the substantial amendment requirement and the need for a 30-day comment period.

At time of publication for public comment (April 6th 2022), HUD had not published 2022 allocations. The AP published was based on 2021 allocations. Contingency provisions included in the PY22 AP for Citizen Participation as required by HUD Notice: CPD-22-05 were as follows; CDBG Contingency provisions: Administration will remain equal to 20 percent of the actual allocation. Public services will not exceed 15 percent of the actual allocation. In case of decrease in allocation that causes the budgeted Public Service to exceed the 15% of the actual allocation, funds will be reduced to the Youth services program by an amount that keeps Public Services at 15% of the actual allocation. All remaining reduction will be made to the Street improvement project in South Mobile County. In case of an increase in actual allocation, the excess will be budgeted to the Street Improvement to South Mobile County. HOME Contingency provisions: Administration will be adjusted in order to remain equal to 10% of the actual allocation. CHDO allocation will be adjusted in order to remain at the required 15% CHDO Set-aside. Any remaining balance of increase or decrease in the allocation will be added or decreased from the Rental Housing Program.

Allocation Update: on March 13, 2022, HUD announced allocations for Mobile Urban County. Amounts available for CDBG is \$1,688,670 and HOME funds is \$679,341. Including \$159,218.91 CDBG funds from PY22 completed and/or cancelled projects, and HOME Program Income of \$92,511, total amounts available for CDBG is \$1,847,888.91 and \$771,852 respectively. The small decrease in the CDBG allocation and small increase in HOME funding did not trigger requirements for substantial amendment per Mobile County Citizen Participation Plan. Mobile County did not receive ESG for PY2022.

Mobile Urban County's Program Year starts on July 1st and ends June 30th. The County will provide requested certifications of consistency with our Consolidated Plan in a fair and impartial manner for funding applications by other entities to address community needs consistent with the Consolidated Plan.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Consolidated Plan contains a range of goals, objectives, and outcomes formulated to address needs identified for homelessness, other special needs, affordable housing, non-housing community development, barriers to affordable housing, lead-based paint hazards, institutional structure, and coordination. These objectives include:

- Continue to collaborate with homeless providers to support Continuum of Care Services and HMIS System.
- Support services aimed at homeless prevention and the elimination of homelessness through rapid re-housing.
- Continue to plan, monitor and administer entitlement grant programs and ensure compliance with Federal Regulations.
- Improve the condition of housing for low-income homeowners.
- Increase development of units and affordability of housing for homeownership and rental housing opportunities.
- Increase the viability for potential homeownership and rental housing opportunities.
- Address community needs through community-based public service programs.
- Address community needs through improvements and expansion of public facilities and public infrastructure. These objectives are supported by a collection of associated strategies and performance goals. These strategies seek to work toward meeting the objectives stated, addressing the need for more affordable housing, housing rehabilitation, public facilities and infrastructure improvements, and public services.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The County has continued to carry out the actions and strategies outlined in its Consolidated Plan. Except for instances where federal funding programs are not available or where resources could not be procured, the County has stayed with established priorities and commitments.

Mobile County has a history of successful programs funded through the Community Development Block Grant and HOME Investment Partnership Program. Of particular importance to the health of the County have been programs that address the condition of the housing stock. The County has successfully funded construction of affordable senior and family housing. The County also operates a successful program that provides down payment and mortgage assistance to new homebuyers. The County has worked actively with local homeless services providers to expand both the stock of units/beds available to homeless persons and services aimed at helping those persons find employment, housing, health care services, and educational opportunities. Details of past performance are provided in the County's Consolidated Annual Performance and Evaluation Report (CAPER).

The County has 1) pursued all resources that it indicated it would pursue, 2) provided requested certifications of consistency with our Consolidated Plan in a fair and impartial manner for other entities to address community needs, and 3) not hindered Consolidated Plan implementation by action or willful inaction.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Mobile County follows the process for public participation outlined in the county's Citizen Participation Plan, which complies with HUD's citizen participation requirements listed in federal regulation 24 CFR 91.105. The Citizen Participation Plan is designed to ensure resident involvement in planning for the County's CDBG, HOME, and ESG programs, including participation in development of Five-Year Consolidated Plans, Annual Action Plans, and Consolidated Annual Performance and Evaluation Reports (CAPERs).

Based on the Mobile County Citizen Participation Plan, outreach for the development of the Consolidated Plan included public forums, focus group meetings, an on-line survey, and consultation with public and private agencies and organizations to capture public input as to the priority needs for the next five years. Public Forums and Stakeholder Focus Group sessions were held. Supplemental interviews were conducted and information and input received. Attendees for the Focus Groups and Public Forums were gathered through invitations sent to select resident and community leaders, organizations, industry professionals and public officials, and a public meeting notice published in the local newspaper. Topics discussed in each

Public Forum and Focus Group session included general issues related to the housing market, the condition of neighborhoods, community development needs, and concerns pertaining to fair housing choice in Mobile County. The Consolidated Plan format included discussions of the communities' priority needs for the next five years. Supplemental interviews were conducted with various community, social service, professional and industry representatives to obtain information from those unable to attend the sessions. Participants in the focus groups and public forums as well as the general public were given an opportunity to complete a Priority Needs Survey as part of the Consolidated Plan process. The survey was presented at each of the aforementioned sessions and also made available on the County's website for completion and submission online. Consultations were held with public and private agencies, elected and appointed officials, individual stakeholders and the general public. Such officials and agencies included Mayors and other Elected or Appointed City Officials, the Mobile County Commission and various public service agencies.

2022 Year Three Action Plan: At the initial planning and development stage, notice of a public hearings was published on October 29, 2021 in the Mobile Press-Register (which is published in Mobile County and is one of the largest newspapers in the state) and on the County's website. The notice was also published on November 3, 2021 in Lagniappe and Call News, both are weekly newspapers. Public hearing locations are fully handicapped accessible. The first of three public hearings was held on November 9, 2021 for Urban County members, a second hearing was held for the public on November 10, 2021. These hearings were held to solicit comments on housing and community development issues and to explain the application process. A third hearing was held on March 31, 2022. This hearing was held to solicit citizen comment on proposed activities prior to publication for the 30 days comment period. The March 31st hearing was in-person and was also available by interactive livestream. A summary of the draft Action Plan was published in the Mobile Press-Register and on the County's website on April 6, 2022. In an attempt to foster additional outreach efforts, Mobile County requested that public libraries and city/town halls within the County to share this information via their websites.

The required minimum of the 30-days comment period began April 6th 2022 and ended on May 6th, 2022.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

During the November 9th and 10th, 2021 and March 31st, 2022 public hearing, general questions were asked about the types of activities that would be eligible for funding and the County's process for review of applications; however, other than the need for additional funding, there were no substantive comments provided.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments received were not accepted.

7. Summary

This plan, AP 2022, provides a framework through which Mobile County manages its federal entitlement programs related to community development and homeless assistance. The County held several public hearings with member municipalities, local service providers and other concerned citizens to develop the annual action plan. The proposed projects identified in AP35 are a result of these aforementioned meetings.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

Mobile County works with a wide variety of agencies, organizations, and service providers in an effort to bring various viewpoints to bear in the identification of local housing and service needs. Working with existing funding partners, advocacy organizations and others, the Mobile County Grants Department works diligently to foster ongoing relationships focused on specific needs. Working in tandem, the use of targeted meetings designed to solicit public input into the Consolidated Plan/Action Plan process allows the County to further utilize outside organizations in the consultation process. A few of these agencies are listed below, but others were invited and/or participated that were not found in the HUD database. These agencies include: The Rape Crisis Center of Mobile; Semmes Woman's Club; Boys and Girls Clubs of South Alabama, Inc.; the Prichard, Chickasaw, and Mobile County Housing Authorities; Habitat for Humanity of South Alabama; South Alabama Regional Planning Commission (SARPC); and the Alabama Department of Public Health.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Mobile County maintains relationships with a variety of local non-profit service providers, as well as health and mental health providers, through the Mobile City and County/Baldwin County Continuum of Care. The County also operates and financially supports the Mobile County Board of Health (MCBH) mobile medical unit, which makes routine health services available to residents living in publicly supported housing as well as other marginalized groups.

Housing providers and health and mental health service agencies participated in the development of this Plan. Specifically, representatives of the Housing Authority of the City of Chickasaw, the Housing Authority of the City of Prichard, Habitat for Humanity of Southwest Alabama, Lifelines Mobile, Ozanam Charitable Pharmacy, Franklin Primary Health Center, and the Mobile County Health Department provided input through interviews or surveys.

Every year, Mobile County invites its Urban County municipalities and local service providers to submit applications for capital and public service projects for CDBG funds. The Grants Department holds information meetings open to the municipalities, public service providers, and the public to review the application process.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Housing First, Inc. serves as the lead agency for the CoC and Housing First staff consulted in the development of this Plan. Other homeless housing and service providers that were consulted for the Consolidated Plan include Legal Services, which runs a homelessness prevention project; Penelope House, which serves victims of domestic violence; and Salvation Army, which provides emergency shelter and other services. In 2022, the County will provide funding to serve local agencies serving victims of intimate partner violence and households at risk of homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The County has not received ESG funds since 2016. However, the County continues to work with Housing First, Inc. the lead agency for the Continuum of Care, and other homeless service providers to support the goals of the CoC. Input from Housing First and other agencies serving people who are homeless were considered in developing priorities and goals for the use of the County's CDBG, HOME, and ESG (if ESG funds are received during the five-year planning period) funds over the next five years.

Narrative (optional)

The development of the Consolidated Plan and the component Strategic Plan and Annual Action Plans require the help of the local non-profit community and other organizations. Specific priorities are identified and ranked through that participation utilizing focus group sessions, forums, and surveys. The County relies on its ongoing relationships to ensure that these opinions and observations are incorporated into the Plans.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Substantial Amendment: The PY21 Countywide Spot/Blight activity for \$150,000 is cancelled. Proposed allocation of \$150,000 is included in funding PY22 Street Improvements, South Mobile County activity. The cancellation of a project triggers the substantial amendment requirement and the need for a 30-day comment period.

At the time of publication for public comment (April 6th 2022), HUD had not published entitlement 2022 allocations. The draft 2022 AP published was based on 2021 allocations: \$1,713,521 in CDBG funds and \$604,335 in HOME funds. Additionally, the County has \$159,218.91 CDBG funds from PY21 completed and/or cancelled projects, and HOME Program income of \$92,511. Estimated PY22 total amount available for CDBG was \$1,872,739 and for HOME was \$696,846.

Contingency provisions were included in the draft Year Three AP for Citizen Participation as required by HUD Notice: CPD-22-05 as follows;

CDBG Contingency provisions: Administration will remain equal to 20 percent of the actual allocation. Public services will not exceed 15 percent of the actual allocation. In case of decrease in allocation that causes the budgeted Public Service to exceed the 15% of the actual allocation, funds will be reduced to the Youth services program by an amount that keeps Public Services at 15% of the actual allocation. All remaining reduction will be made to the Street improvement project in South Mobile County. In case of an increase in actual allocation, the excess will be budgeted to the Street Improvement to South Mobile County.

HOME Contingency provisions: Administration will be adjusted in order to remain equal to 10% of the actual allocation. CHDO allocation will be adjusted in order to remain at the required 15% CHDO Set-aside. Any remaining balance of increase or decrease in the allocation will be added or decreased from the Rental Housing Program. However, should the CHDO set-aside requirements be removed for 2022, the amount allocated to the CHDO line item in this Plan will be deleted and funds transferred to the Rental Housing Program.

Allocation Update: on March 13, 2022, HUD announced allocations for Mobile Urban County. Amounts available for CDBG is \$1,688,670 and HOME funds is \$679,341. Including \$159,218.91 CDBG funds from PY21 completed and/or cancelled projects, and HOME Program Income of \$92,511, total amounts

available for CDBG is \$1,847,888.91 and \$771,852 respectively. The small decrease in the CDBG allocation and small increase in HOME funding did not trigger requirements for substantial amendment per Mobile County Citizen Participation Plan. Mobile County did not receive ESG for PY2022.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local

funds), including a description of how matching requirements will be satisfied

HOME funds may on a project by project basis leverage private and local funds through partnerships with CHDOs and for-profit developers. State funds may be leveraged through development projects which include private developer equity and State Low Income Housing Tax Credits if the State chooses to fund any applications from the County or its partners. CDBG funds will leverage local funds to complete the public works and public facility projects.

HOME funds will be matched through in-kind or cash contributions. If the total revenue match is larger than the required match expense, the difference will be accumulated to be used to meet match requirements when needed. In-kind or cash match will be contributed from the accumulated cash.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Mobile County does not currently anticipate using publicly owned land or property to address needs identified in the plan, but will continue to evaluate opportunities to use public land for future development.

Discussion

The County has programmed approximately \$2,619,741 from CDBG and HOME funds in PY22. This sum includes the current program year allocation, program income and prior year funds. These funds will be used to operate a range of private and public services as described late in the AP-35 of the Action Plan.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Mobile County will fund five public works/facility projects with a CDBG Area Benefit and nine public Service projects in the 2022 program year, with the total amount allocated to these projects at \$1,256,955 and \$253,200 respectively. Public works project qualify as eligible because more than 51% of area residents are low- or moderate-income. Public service projects qualify as all are or presumed to 51% low- or moderate-income persons Areas to receive funding include:

- Citronelle –for a summer youth enrichment program
- Creola – Improvements to Hurst Street
- Grand Bay – for a senior meals program.
- Prichard – for improvements to two bridges.
- Semmes – staffing at the Semmes Senior Center
- Mount Vernon – for a summer youth enrichment program
- Unincorporated South Mobile County – Street improvement.

Of Mobile County’s \$1,847,888.9 of CDBG funding in the 2022 program year (not including program administration funding), about 82% will be used in one of the CDBG Area Benefit geographies noted above. The remaining 18% will be for use countywide.

Geographic Distribution

Target Area	Percentage of Funds
Countywide	18
CDBG Area Benefit	82

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The Mobile County Grants Department requested applications from potential CDBG subrecipients for capital and public service projects. Following a review of the applications, the County allocated investments to best meet priority needs based on project eligibility, availability of funds, readiness to proceed, and responsiveness to the application.

Discussion

Countywide distribution of funds is based on the use of funds for administrative, non-profit support and individual programmatic uses of funds. The County requested and evaluated applications and then allocated investments based on eligibility, funding availability, implementation times, and applicant

responsiveness. The approved applications provided 18% of funding to county-wide activities and the remaining 82% to the following geographic areas: Citronelle, Prichard, Semmes, Mount Vernon, Unincorporated areas, Creola, and Grand Bay. See attached proposed project location map for reference.

AP-60 Public Housing – 91.220(h)

Introduction

Public housing in Mobile County is operated by the Housing Authority of the City of Prichard (HACP), the Housing Authority of the City of Chickasaw and the Mobile County Housing Authority.

Actions planned during the next year to address the needs to public housing

Chickasaw Housing Authority (CHA) recently installed new carbon monoxide/smoke detectors installed in all units and all trip hazards (as defined by HUD) were eliminated through grinding or replacement of cement. In 2022, so far, the work completed includes upgraded all kitchen and bathroom sink fixtures with 1.5 GPM aerators; upgraded all showers with 1.5 GPM shower-heads; repaved the CHA community room/office parking lots; installed ADA compliant grab bars in all handicap accessible bathrooms.

Work that is ongoing or planned for the remainder of 2022 includes – the renovation of 8 two bedroom apartments to include HVAC, new flooring, and tankless hot water heater; replacement of windows throughout the housing complex with impact resistant/energy star rated windows; install ADA compliant fixtures in the tubs at handicap accessible units; lower kitchen cabinets to the prescribed height per UFAS.

The Mobile County Housing Authority plans to continue replacing roofs on its public housing units, which are done on a yearly basis.

Mobile County has plans to create affordable housing units under this Action Plan, but has no plans to provide public housing.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

HACP held a meeting for the Consolidated Planning process at its William “Bill” Clark Family Life Center. HACP staff coordinated and attended the meeting and invited residents. Fourteen people (who were not all HACP staff and residents) attended the meeting and provided input for this Plan.

The HACP offers two Family Self-Sufficiency programs, one for traditional public housing residents and one for housing choice voucher residents. The HACP has certified housing counselors on staff to help prepare tenants who are interested in homeownership. Staff members offer classes on financial literacy, budgeting, credit scores, down payment assistance and other steps in the home buying process.

The County's Down Payment Assistance program is open to any public housing residents who wish to participate in homeownership, and information on applying for Down Payment Assistance is provided to the Housing Authorities and their residents when requested. In addition, annually the County sends a letter and literature, about the County's Down-Payment Assistance program, to the executives of each

Housing Board/Authorities. We request the PHA's to distribute our DPA information to each of their tenants. At the time of this Action Plan, we have six DPA applications from residents of Prichard Housing.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable – None of the housing authorities in Mobile County are designated as “troubled.”

Discussion

Public housing in Mobile County is operated by the Housing Authority of the City of Prichard (HACP), the Housing Authority of the City of Chickasaw and the Mobile County Housing Authority. The Mobile County Commission has no jurisdiction or authority over the Public Housing Authorities. Periodically Mobile County partners with these agencies to provide services to public housing residents when an eligible application/project is received. All three housing authorities provide services to residents with quality housing and encourage families to move to self-sufficiency

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Mobile County is covered by the Mobile City and County/ Baldwin County Continuum of Care, a network of service providers covering Mobile and Baldwin counties. The Continuum of Care brings together housing and service providers to meet the needs of individuals and families experiencing homelessness. Mobile County will continue to partner with the Continuum of Care and local homelessness service providers to achieve the County's homelessness goals.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Over the next year, members of the Mobile City and County/ Baldwin County Continuum of Care and other homeless housing and service providers in Mobile County will continue reaching out to homeless persons, including unsheltered persons, through street outreach and emergency shelter services. Housing First, Inc., AltaPointe Health, and the U.S. Department of Veterans Affairs will continue to provide outreach to people experiencing homelessness with the goal of getting individuals and families into permanent housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

During the program year, Christ N Us Ministry, Family Promise of Coastal Alabama, McKemie Place, Penelope House, Salvation Army of Coastal Alabama, The Lighthouse, and Waterfront Rescue Mission will continue to provide emergency shelter in Mobile County. AIDS Alabama South, Dumas Wesley Community Center, Mobile Area Interfaith Conference, Penelope House, The Lighthouse, and Volunteers of America Southeast will continue to provide transitional housing for people experiencing homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

During the program year, Mobile County will work to increase the availability of affordable housing by using HOME funds to support the development of affordable rental housing.

The County will also continue to support the Continuum of Care, members of which provide supportive

services and housing search assistance for individuals and families consistent with a Housing First approach. AltaPointe Health Systems, Gulf Coast Veterans Health Care System, and Housing First, Inc. will continue to provide permanent supportive housing.

Finally, the County will take steps to implement the strategies in its Analysis of Impediments to Fair Housing Choice, which includes strategies to support housing affordability in the county.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Over the next year, housing and service providers in Mobile County will continue to work together to prevent homelessness in populations who are vulnerable to or at risk of homelessness. The County will continue funding housing rehabilitation, in the form of roof repair program, to support residents affording needed home repairs and remaining in their homes. Funding will also be provided for a homelessness prevention program which provides legal services to assist individuals with matters related to premature discharge or those associated with eviction/foreclosure. Dumas Wesley Community Center, Family Promise of Coastal Alabama, Housing First, Inc., and Mobile Area Interfaith Conference will continue to fund Rapid Re-Housing in the county.

Discussion

Mobile County has previously shown and will continue to demonstrate a commitment to preventing homelessness. Mobile County will continue to partner with the Continuum of Care and local homelessness service providers to achieve the County's homelessness goals. Over the next year, housing and service providers in Mobile County will continue to work together to prevent homelessness in populations who are vulnerable to or at risk of homelessness. Despite not receiving ESG funds since PY17, the County appropriate local funds to various homeless service providers, mental health providers, legal services and social services who in turn provide services to those being discharged from publically funded institutions.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

In conjunction with the development of the Consolidated Plan, Mobile County also developed an Analysis of Impediments to Fair Housing Choice (AI) covering the unincorporated County and the municipalities of Bayou La Batre, Chickasaw, Citronelle, Creola, Mount Vernon, Prichard, Saraland, Satsuma, and Semmes. In its assessment of fair housing barriers, the AI considered the impact of local land use and zoning policies on residential investment and affordable housing development. While Mobile County does not develop a comprehensive plan or having zoning power, municipalities within the county have adopted local zoning ordinances, with the exception of Semmes, which (along with Mobile County) has adopted subdivision regulations and requires building permits in conformity with adopted codes. A review of these ordinances found that “...there is more that the County jurisdictions can do to use zoning and land use policies to further remove artificial barriers to development of and access to affordable housing across all residential zones.” Examples include allowing attached housing types in single-family districts; permitting conversion of large single-family dwellings in high-opportunity neighborhoods to 2-family, 3-family, or multifamily dwellings compatible with the neighborhood character; decreasing minimum lot size requirements; allowing for subdivision of large lots in low density districts; allowing zero lot line, patio homes, or cottage communities on small or shared lots with no minimum floor area; or allowing accessory dwelling units. As a Dillon rule state, approval of State legislation for municipalities in Mobile County would be required in order to provide inclusionary zoning. If this was approved, inclusionary zoning could be an additional tool for incentivizing the development of affordable housing by providing density bonuses or other development concessions for developments where a portion of units are kept affordable.

In addition to local land use policy, affordable housing development is also impacted by policies at the state level. In 2018, the State of Alabama adjusted its formula for tax valuations on affordable multifamily properties. Under Addendum P in the state’s Property Tax Plan for Equalization, those properties receiving subsidies such as “grants, below market financing, direct rental assistance and low income housing tax credits” either through USDA or HUD, will be subject to the same rules as used for assessment of market-rate multifamily properties (Alabama Department of Revenue Property Tax Division. (2018, April 27). *Property Tax Plan for Equalization*). Addendum P would allow local tax assessors to value subsidized multifamily housing using one of the three standard appraisal approaches (sales, income or cost) based on the Alabama Appraisal Manual. While responsibility for determining how to best assess properties in Mobile County is the responsibility of the Revenue Commissioner, property owners are allowed an appellate process and can appeal an assessment by providing data (such as income and expenses) to justify an adjustment to the assessed value. Accordingly, the changes in valuation are not anticipated to have a significant impact on affordable multifamily properties in Mobile County and throughout the state.

Actions it planned to remove or ameliorate the negative effects of public policies that serve

as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The potential barriers to affordable housing discussed above are all at the municipal or state level and not within the immediate purview of Mobile County. However, as participants in the Urban County, municipalities in Mobile County are called upon to affirmatively further fair housing, which may include taking steps to ensure that barriers to affordable housing development are reduced. Mobile County can encourage jurisdictions that participate in the Urban County to review their zoning codes for potential opportunities to reduce restrictions and encourage access to affordable housing in their residential districts.

The County can also review the State of Alabama's Low Income Housing Tax Credit allocation plan and work with developers applying for LIHTCs to make their applications as competitive as possible so as to increase the available supply of affordable housing even as these tax valuation on such properties changed.

Discussion:

Based on the description above, no public policies established by the commission were identified that have negative effects on affordable housing developments.

AP-85 Other Actions – 91.220(k)

Introduction:

This section details Mobile County's actions planned to ensure safe and affordable housing for its residents, along with plans to meet underserved needs, reduce poverty, develop institutional structure, and enhance coordination between public and private sector housing and community development agencies.

Actions planned to address obstacles to meeting underserved needs

Lack of sufficient funding and high costs for new development are two of the biggest obstacles to meeting underserved needs in Mobile County. In order to develop additional resources to meet affordable housing and homeless housing and service needs, Mobile County will fund a variety of public services to address needs of low-income residents, including summer enrichment programs for children; housing counseling; legal services to prevent homelessness; access to no-cost prescription medication; assistance for victims of child abuse, domestic violence and/or rape; senior services; and home meal delivery.

The County will also work to identify and develop partnerships with private agencies with the goal of increasing the supply of affordable housing. These may include LIHTC or other developers considering housing projects in the county. The County will also look at using funding or grants that can be leveraged to bring new dollars for affordable housing or homelessness into the community. Additionally, the County will work with incorporated cities to review their zoning codes for possible changes that would decrease costs or risk for multifamily developments, including identifying zones where denser multifamily construction may be built as-of-right.

Actions planned to foster and maintain affordable housing

To maintain and expand the current affordable housing stock, Mobile County will fund construction of affordable rental housing, development of new affordable housing by Community Housing Development Organizations, home repair/rehabilitation assistance, and counseling services for homeownership. In addition to specific programs designed to foster and maintain affordable housing, the County will work with incorporated cities to review their zoning ordinances for prospective barriers to affordable housing development and make amendments as needed. The County has also recently updated its Analysis of Impediments to Fair Housing Choice. As a result of this study, the County will undertake additional approaches to fostering fair and affordable housing.

Actions planned to reduce lead-based paint hazards

An important initiative emanating from HUD in the last decade is the reduction of lead-based paint hazards, and many jurisdictions around the country have focused on reaching this goal. The federal Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X of the Housing and Community

Development Act of 1992) amends the Lead-Based Paint Poisoning Prevention Act of 1971, which is the law covering lead-based paint in federally funded housing. These laws and subsequent regulations issued by the U.S. Department of Housing and Urban Development (24 CFR part 35) protect young children from lead-based paint hazards in housing that is financially assisted or being sold by the federal government.

In property repair/rehabilitation projects involving Mobile County, the County will follow the regulations found at 24 CFR Part 35 relative to lead based paint poisoning prevention in certain residential structures.

Actions planned to reduce the number of poverty-level families

Mobile County's anti-poverty strategy focuses on helping all low-income households improve their economic status and remain above the poverty level. Current programs to reduce poverty through access to education and jobs are provided by the Southwest Alabama Workforce Development Council and other local workforce development organizations, as well as through the County's nonprofit grantees. Specifically, the County will fund summer enrichment programs for children; housing counseling; legal services for homelessness prevention; access to no-cost prescription medication; assistance for victims of child abuse, domestic violence and/or rape; senior services; and home meal delivery. Emergency assistance is also provided by several nonprofit housing and service agencies in the county.

Further, Mobile County's housing programs and activities that support development of and access to affordable housing inherently address poverty by creating housing opportunities for low-income households. Specifically, the County will use grant funds to support emergency home repair for low-income households. Without these housing opportunities, many low-income households would not be able to afford housing rehabilitation costs.

Actions planned to develop institutional structure

The unmet needs of housing affordable to low-income residents and social services for individuals and families experiencing or at risk of homelessness present an opportunity for the County to connect with organizations, affordable housing developers, and agencies working to address these needs in Mobile County. The County will also continue to work within existing partnerships and coalitions, such as the Continuum of Care, to work toward meeting local housing and service needs. Mobile County will continue to work closely with state and local agencies and governments, nonprofit organizations, and other service providers to coordinate delivery of services to county residents. The Grants Department will continue to consult with various housing, homelessness, social service, elderly and disability resource agencies to gather data and identify service gaps.

Actions planned to enhance coordination between public and private housing and social service agencies

Mobile County will continue to be an active participant in the Mobile City and County/ Baldwin County

Continuum of Care. The Continuum of Care brings together nonprofit, government, and business leaders to provide a shared approach to goals of ending homelessness. Planned activities include emergency, transitional, and permanent housing providers; nonprofit social service organizations; and government agencies.

Discussion:

The actions detailed in this section will support Mobile County in increasing access to safe and affordable housing for its residents, meeting underserved needs, reducing poverty, developing institutional structure, and enhancing coordination between public and private sector housing and community development agencies.

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The County will continue to support the many efforts of the non-profit and social service provider agencies in the community in their efforts to obtain funding from various sources for their programs. Many of these organizations receive private donations to sustain their programs, and most apply for funding on the federal, state, and local level.

The availability of increased federal funds would enhance any of the listed programs and would mean that more services and housing could be provided. Because of the scarcity of any type of funding, the County has been working with various organizations to try to develop programs that would increase the leveraging capacity of federal funding mechanisms so that more money would be available for other needed endeavors. Better utilization of the existing resources is a main concern of everyone.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The Urban County uses the recapture provisions of 24 CFR 92.254 (a)(5)(ii)(A)(2) and (4). Recapture net of proceeds; Owner investment returned first. In the event of a voluntary or involuntary transfer of title of the purchased home during the applicable period of affordability, the County will recapture all or a portion of the direct subsidy provided to the homebuyer.

If there are no net proceeds from the voluntary or involuntary transfer, repayment is not required, and HOME requirements are considered to be satisfied. The term net proceeds is defined as sales price less payment of any superior loan and special liens due thereunder, expenses of sale, and the value of the homebuyer's initial investment in the purchased home.

Direct subsidy is the amount of HOME assistance that enabled the homebuyer to purchase the home at an affordable price. The affordable price is limited by the HOME affordable homeownership limits for the area as provided by HUD. It includes any HOME funds provided as down payment assistance, closing costs assistance, or direct financing to the buyer. If HOME funds were used for the cost of developing a home which is sold below fair market value, direct subsidy also includes the difference between the fair market value and the purchase price.

Direct subsidy will be in the form of a deferred loan or loans, each secured by a promissory note and mortgage. The loan(s) will be forgiven pro rata, in equal monthly increments over the period of affordability, as set out in the promissory note(s), mortgage(s), and required HOME written agreement(s) (collectively, the loan documents) as long as the home remains the principal residence of the homebuyer and no other events of default, as are also set out in the loan documents, occur.

The HOME program establishes the following period of affordability based upon the amount of assistance (direct subsidy) provided to the homebuyer:

- Direct subsidy of under \$15,000 will be forgiven in equal amounts on a monthly basis over a period of 5 years.
 - Direct subsidy of \$15,000 to \$40,000 will be forgiven in equal amounts on a monthly basis over a period of 10 years.
 - Direct subsidy of over \$40,000 will be forgiven in equal amounts on a monthly basis over a period of 15 years.
3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The HOME program establishes the following period of affordability based upon the amount of assistance (direct subsidy) provided to the homebuyer:

- Direct subsidy of under \$15,000 will be forgiven in equal amounts on a monthly basis over a period of 5 years.
- Direct subsidy of \$15,000 to \$40,000 will be forgiven in equal amounts on a monthly basis over a period of 10 years.
- Direct subsidy of over \$40,000 will be forgiven in equal amounts on a monthly basis over a period of 15 years.

If the homebuyer ceases to occupy the home; leases the home; converts the home to non-residential use; or should the home be destroyed by fire or other cause; or should the homebuyer refinance the first mortgage for any purpose other than 1) reducing the interest rate and/or 2) reducing the term of the mortgage; or “cash out” equity in the home, the homebuyer will be required to repay the County the entire amount of direct HOME-assistance provided.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The County does not intend to use HOME funds to refinance existing debt secured by multifamily housing that is being rehabilitated with HOME funds. In addition, the funds will not be used to refinance multifamily loans made or insured by any federal program. The County is aware the HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

Projects planned with HOME funds expected to be available during the year are identified in the AP-35 Projects Table. For the HOME Rental Housing project, a competitive Request for Proposal will be published as needed to identify, evaluate, and award funding to eligible applicants. Any RFP will be issued in accordance with County's adopted procurement policies and citizen participation plan (i.e. published in local newspapers and placed on the County's website). Applicants for Homebuyer Assistance will be awarded on a first-come, first serve basis with application packages available at the Mobile County offices. The County has no plans to limit the beneficiaries or give preferences to a segment of the low-income population.

Dear Mayor:

The County is beginning preparation of the U. S. Department of Housing and Urban Development (HUD) Program Year 2022 Action Plan for the Mobile Urban County. The Action Plan details activities to be undertaken with 2022 CDBG, HOME, including ESG, and any other funds received from the U.S. Department of Housing and Urban Development (HUD). The County is interested in receiving your input as to the types of projects that are important to you and your community. In order to provide a better understanding of the types of eligible projects that can be funded and the application process, the Grants Department will hold a meeting for those involved with your application on November 9, 2021 at 10:30 a.m. at Mobile Government Plaza in the Multipurpose Room on the 1st floor. Attendance is recommended. The County Grants Department will provide a brief overview of the HUD programs and of the CDBG Application package. CDBG application packages for project funding will be available at the meeting and on the County's website that same day at <https://www.mobilecountyal.gov/grants/requests-for-proposals/applications/>. The meeting should not last more than an hour and a half.

As a prelude to the meeting, you may want to start thinking of projects that are of interest keeping in mind the approximate cost and the approximate number of persons who will be benefited. Listed as follows are some HUD requirements that must apply to any potential project:

1. At least 51% of all persons to benefit must qualify as low and moderate-income persons as defined by the HUD adjusted Census data.
2. Any infrastructure to be constructed or rehabilitated with public funds must be owned by a unit of local government, (the county, a municipality or a public utility board).
3. Each applicant must demonstrate the ability to operate and maintain any facility to be constructed.

Please inform Edith Gray as to the number of persons who will attend from your office. Her number is 574-5980.

Sincerely,

Nayyer Mahdi
Director of Grants Management

MOBILE COUNTY COMMISSION NOTICE OF PUBLIC COMMENT PERIOD DRAFT 2022 YEAR THREE ACTION PLAN AND SUBSTANTIAL ADDENDUM TO FY2021 ACTION PLAN

In accordance with 24 C.F.R. Part 91 as the lead agency of the Mobile County Urban County, Mobile County is publishing a summary of its proposed 2022 Action Plan (see of 4/18/2022 - June 30, 2023) and a substantial addendum to the 2021 Action Plan for discussion. Mobile County invites the public to review and offer comments on the draft 2022 Year Three Action Plan. The summary is published, in order to afford a public comment period begins April 18, 2022. The final 2022 Action Plan will be finalized after taking into consideration citizen comments received during the comment period.

The FY2022 Year Three Action Plan serves as the basis for applying for annual funding from the U.S. Department of Housing and Urban Development (HUD) to receive funds through HUD's Community Planning and Development (C-DE) formula. Funds available to the Mobile County Urban County and the Community Development Block Grant (CDBG) and the HOME Investment Partnership Program (HOME).

At the time of publication for public comment, available allocations have not been published by HUD. Contingency provisions are included in this draft Year Three Action Plan for CDBG and HOME. The CDBG notice requires that grantee include no contingency provisions to explain how adjustments will be made to its proposed action plan to meet its actual allocation amounts, once actual amounts become known. Since estimated funding amounts are used for planning purposes in this draft plan for public comment, contingency provisions are located below the program budgets.

Based on 2021 allocations, the County estimates the funding allocation for FY2022 \$1,712,271 in CDBG funds and \$940,335 in HOME funds. Additionally, the County has \$68,989 CDBG funds from non-federal (with one exception) projects in FY2021 and HOME Program income of \$97,500. Estimated available for CDBG budget of \$1,872,259 and for HOME budget \$945,845.

are included in the 2022 budget. The FY22 Countywide Spray/Blight activity for \$150,000 is cancelled. Proposed allocation of \$150,000 is to partly fund the FY22 Street Improvements, South Mobile County activity. The cancellation of a project requires this substantial amendment requirement, and therefore for a 30-day comment period.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation – It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan – Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan – It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2021, 2022, 2023 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

RE: Certification Relating to the Urban County Grant
Application

Dear Commissioner Ludgood:

Urban County grant applications require certification that the County has adopted policies which:

- (1) Prohibit the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
- (2) Enforce applicable state and local laws which prohibit physically barring entrance to or exit from a facility or location which is the subject of any such non-violent civil rights demonstrations within its jurisdiction.

As you know, Mobile County has no law enforcement authority whatsoever; law enforcement is entrusted to the Sheriff of Mobile County, a constitutional officer.

The County has no authority over the Sheriff's operations. Additionally, each of the municipalities within Mobile County maintains its own law enforcement agency over which the County has no authority. These law enforcement agencies have standard operating procedures that govern the use of excessive force.

The County's authority under Alabama law is prescribed by statute. The County cannot lawfully undertake a function, absent specific statutory authority.

For the reasons set out herein, this certification does not apply to Mobile County.

Sincerely,

MARTHA DURANT HENNESSY
Chief Staff Attorney
